

Dinner For Five

Five Middle Western farm leaders sat down to dinner in a big hotel. Modestly they ate steak, potatoes, corn, bread and butter and drank coffee—and the check was \$11. Then one of them, says

**\$11.00
— .82
?**

The COUNTRY GENTLEMAN

figured roughly from the day's market reports what share the farmer had got of the \$11—and the answer was 82 cents! And still some folks say the farmer is a profiteer!

First, last and all the time THE COUNTRY GENTLEMAN stands for a living profit for the farmer. Its articles are aimed at better and more economical methods in cropping; at more scientific breeding and feeding of animals; at greater use of tractors and other labor-saving machinery; at more efficient market-

ing. In other words, the chief aim of THE COUNTRY GENTLEMAN is to help the farmer to make more money—to get more of the consumer's dollar—to get more than 82 cents out of an \$11 dinner. One dollar that you spend for a year's subscription may save you a hundred dollars or more. Why delay longer?

YOUR CAR WILL RUN SMOOTHLY ONLY IF LUBRICATED CORRECTLY

Motorists seldom realize the damage which can be done to their cars unless the correct consistency of lubricating oil is used. The hidden parts of the car, which require the most careful lubrication, are so seldom exposed to view that the injury done to them by an incorrect grade of oil does not become evident until something gives way.

Correct lubrication has become an exact science. The Standard Oil company maintains a board of lubrication engineers who have determined by exhaustive study and actual tests the correct consistency of Zeretone for every type of automobile engine.

Just as the wise man goes to his banker for advice on financial matters, so the motorist who desires the best results from his car goes to the expert in lubrication. For the convenience of motorists, the Standard Oil company has prepared a correct lubrication chart covering every type of car. By following the chart, every man can rest assured that his automobile is correctly lubricated.

AMERICA'S UNIQUE PUBLICATION

The Youth's Companion prints week after week the best of everything that is worth while and for every age. No other source will give your family what The Companion furnishes, or so much for the price—less than 5 cents a week.

The Companion creates an atmosphere of loyalty to the family and to the country, of unselfishness and high purpose. It inspires, it suggests, but always entertains. It makes actual, normal life fascinating, and never panders to the trashy or worthless or morose.

No family should miss the pleasure of reading the delightful serial stories by Elsie Singmaster and Captain Theodore G. Roberts, and others, to be published during the next year. If you subscribe at once you will receive all the extras mentioned in the following offer:

- New subscribers for 1920 will receive:
- 1. The Youth's Companion—52 issues in 1920.
- 2. All remaining weekly 1919 issues.
- 3. The Companion Home Calendar for 1920.
- All the above for \$2.50.

4. McCall's Magazine for 1920, \$1.00—the monthly fashion authority. Both publications for only \$2.95.

THE YOUTH'S COMPANION Commonwealth Ave. and St. Paul St., Boston, Mass. New subscriptions received at this office.

If you can't afford to subscribe for The Sentinel you can't afford not to read someone else's.

TELEPHONE RATES ARE THE PRICES WHICH THE PUBLIC IS ASKED TO PAY FOR TELEPHONE SERVICE

TO BE JUST AND REASONABLE telephone rates or prices must cover the costs of rendering the service and leave a profit that will attract to the telephone industry a continuous supply of capital which is constantly required for extensions and improvements.

If rates yield more or less than such amount they are not just. If they yield more they are excessive and unreasonable. If they yield less they are unreasonable and are against public interest because they result in a deteriorated service and capital is no longer attracted but is directed to other industries that are more profitable and possibly the products of such industries are of less importance to the public.

The present rates we believe to be just and reasonable. They were approved by the Postmaster General and are effective by act of Congress. These rates are now being reviewed by the Public Service Commission of Oregon, which body assumes jurisdiction since the government turned back the telephone properties to private ownership.

The Pacific Telephone and Telegraph Company

Lane County Fair Prosperous.

This year's Lane county fair was the most successful in a financial way in the history of the fair association, according to the report of the secretary, R. H. Wood. The report shows that there is a balance on hand, after all expenses of the fair are paid, of \$2804.25. The attendance was larger than it has even been before.

One should always keep a dish of water in a steam heated room. Our round-topped radiators were a problem until we solved it by a piece of sheet iron 15 1/2 x 6 inches, bent four inches from each end to form a table. This spans three columns of the radiator and is amply large to accommodate a good sized bowl of fresh water daily.

HOUSEHOLD HINTS.

One-fourth teaspoonful of soda added to boiling cabbage destroys any disagreeable odor.

A charming little bonbon basket can be made by covering a finger bowl with crocheted raffia.

Beef drippings are good shortening for pie crust.

All dry cheese can be saved and used for grating.

A little cornstarch mixed in salt will keep it from lumping.

Appetizers in the form of sardines are excellent luncheon dishes.

The cause of large holes in the cake is too much baking powder.

A raw lemon rubbed on it will take the discoloration from a straw hat.

Wash leather furniture very gently with warm water in which there is a little vinegar, wipe with a dry cloth and then restore the polish by mixing the whites of two eggs and a little turpentine, which is applied with a flannel.

The time required for cooking peas depends upon their maturity. Young peas will cook in 30 minutes or even less. Overcooking destroys the color and flavor. Boil them slowly in a partially uncovered saucepan and add salt when the peas are still firm. After 20 minutes' boiling test occasionally, and as soon as tender remove from the fire. If these suggestions are followed the family will be served with delicious peas.

TESTED RECIPES.

Tomato and Apple Marmalade—Six pounds of tomatoes, six of apples and nine of sugar are used with a 50 cent jar of preserved ginger to make tomato-apple marmalade. Cook the tomato soft and put through strainer. Cook the apples as for sauce. Boil tomatoes, apples and sugar to consistency of jam, adding ginger just before taking from fire. This will make 12 pints of delicious marmalade.

It might make school work much easier now and prove a great blessing later in life, if you would have your child's eyes thoroughly examined right now to make sure that he is capable of doing his school work without the aid of glasses.

I am well equipped to perform this service for you. I shall not advise glasses unless they are absolutely necessary.

Make an appointment now.

"Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.
