Mr. and Mrs. E. J. Newton, of Drain, who had been visiting at the home of Mrs. Newton's sister, Mrs. R. L. Bailey, returned home Wednesday.

After the Moulting— EGGS

REMEMBER, going through the moulting is like going through a long spell of sickness. To force out the old quills and grow new feathers saps a hen's vitality.

If you expect your hens to be fall producers and winter layers, then feed them Poultry Pan-a-ce-a during and after the moulting.

Dr. Hess Poultry Pan-a-ce-a

will start your pullets and moulted hens to laying

It contains Tonics that put your moulted hens in fine condition—Tonics that tone up the dormant egg organs—Iron that gives a moulted, run-down hen rich, red blood and a red comb. It contains internal antiseptics that destroy disease germs that may be lurking in the system. No disease where Pan-a-ce-a is fed. It pays to feed Pan-a-ce-a regularly.

It brings back the singing—it brings back the scratching—it brings back the cackle. That's when you get eggs; and it's eggs you want—fall eggs, winter eggs—when eggs are eggs.

A. BRUND & CO.

Tell us how many hens you have.
We'll tell you how much
Pan-a-ce-a to buy.

Dr. Hess Instant Louse Killer Kills Lice

An error appears in the H., B. & M. ad. elsewhere. The price of men's wool shirts and drawers is stated to be 95c, when the price should be \$1.95. The correct price is a real bargain. n14c

Mrs. J. P. Graham arrived Friday from Portland to remain for some time at the home of her parents, Dr. and Mrs. W. W. Oglesby.

Miss Verna Dersham returned to Creswell Sunday, after a visit with the Misses Hazel and Nieta Hazleton. J. Cherry and family have moved here from Roseburg.
