"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.

Overland

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does *not* change the road, but it *does* change the *manner* in which you can ride on it. It gives you comfort instead of discomfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.
