F. C. Ralston, retired farmer, 447 S. Third St., says: "Whenever I have an opportunity to speak a good word for Doan's Kidney Pills I do not hesitate to do so. This medicine regulates the action of the kidneys and overcomes pain due to disordered kidneys. I have been obliged to use a kidney medicine on several occasions for kidney complaint and in every instance, Doan's Kidney Pills have never failed to give satisfactory results."

The New Way of Practicing Dentistry

THE E. R. Parker System in Dentistry is nothing but dentistry put on a common-sense basis. Instead of one man practicing in a small way in a small office, several dentists practice together under the Parker System in large offices, where there is room for complete equipments. Some of the System dentists extract teeth, some fill teeth, some make crowns and bridges, some make artificial plates and some treat diseased teeth. In this way each patient is cared for by a dentist who is experienced in the kind of work each patient needs. Dental work done in this manner is not only done better, but in less time, making fewer visits necessary, and the saving in time helps to make prices lower.

located in different cities. Thousands of patients are treated in these offices, and the large quantities of dental supplies used are bought for less money than has to be paid for small quantities.

All dentists using the E. R. Parker System are registered, licensed and experienced. The work they do is done so well that it can be guaranteed. You are sure of satisfaction.

Under the Parker System no charge is made for examinations and advice. You can find out what your teeth need without having to pay a cent. Everything known in dentistry to overcome pain is used in Parker System offices, so you need have no fear at all.

The whole idea is this: Fine dentistry, fewer visits, moderate cost, satisfaction, no fear of pain. There is an E. R. Parker System office at
