

WILL ERECT NEW SAWMILL NEAR COTTAGE GROVE

George Harvey Lumber Company to Build 45,000 Capacity Plant in Pass Creek Canyon.

A deal was consummated yesterday in which a section of land in Pass creek canyon was transferred by M. H. Anderson to the George Harvey Lumber company, upon which the company will build a modern 45,000-capacity sawmill. A side track will be put in at once and construction of the mill will begin as soon as lumber can be brought from Walton, on the Willamette Pacific, where the Harvey company now operate a mill.

J. D. Harvey, manager of the company, who was here yesterday closing up the deal for the site, said that work would go forward as rapidly as possible and that the mill would doubtless be in operation before the first of April.

GEORGE W. BARROWS BUYS INTEREST IN C. G. MFG. CO.

CANNERY STOCKHOLDERS HOLD ANNUAL MEETING

Stockholders of the Cottage Grove cannery held their annual meeting at the commercial club Monday. The attendance was large. A resolution was passed increasing the amount which the board of directors were permitted to borrow from \$7500 to \$12,000, the former sum having been found inadequate to meet the increased demands of the rapidly developing business. Another resolution provided that three of the six directors be elected for a term of two years, three for one year, and that the term of office thereafter be two years, three members of the board to be elected each year, thus eliminating the possibility of the election of an entire new board unfamiliar with the duties of the office.

George O. Knowles, J. R. Cooley and G. W. McFarland were elected for the two-year term, and C. E. Stewart, M. M. Wheeler and C. E. Bales for one year. The newly elected board adjourned to await the call of the president, who was unable to be present.

Tax Rolls to Be Completed Soon

MEETINGS CONTINUE AT CHRISTIAN CHURCH

Rev. John T. Stivers

The meeting at the Christian church is growing in power and interest. There have been nine additions up to the present time, and many more are thinking. Evangelist Stivers believes in the Old Book and his sermons ring true. The quotation part of the meeting is very interesting. A quotation will be given from the audience and the evangelist will give it a setting. This is a very instructive part of the meeting. Anyone can send in a question if they so desire.
