We Fit Your Eyes Correctly

We are fully equipped with the newest and most scientific instruments and trial lenses known to optical science. We are prepared to give your eyes a thorough test and render a satisfactory diagnosis of your trouble without subjecting you to the slightest annoyance or injury in doing so. We are qualified by experience and both the scientific and practical knowledge of optometry to render you the very best service possible, while our charges will be found reasonable in every instance.

WE REPLACE BROKE LENSES

We keep a complete record on file of all cases fitted by us and can replace broken lenses without further testing. We also duplicate broken lenses from the pieces. Care should be exercised in keeping glasses in proper condition. If the frames or guards become bent the lenses will be thrown out of position and cannot afford the relief desired. We will straighten your glasses without charge.

Come to us for ready relief from eye trouble.

Have You Got Autotaxia?

Never heard of it? Well, it's a common malady and in the days when we were kids it used to be termed just ordinary laziness. One of the most malignant symptoms is when a person will spend a dime extra for an article rather than walk an extra block. When you want groceries, and if you aren't afflicted with autotaxia, save that dime by walking an extra block to

Bender Bread Boys

The well-nourished boy is a smiling, happy, healthy boy. Being well nourished, he grows into strong, vigorous, healthy manhood. Bread is the best food for all ages—the most nutritious, the most wholesome, the least expensive. Give your children plenty of bread and milk. Eat bread more freely yourself in preference to more expensive and less nutritious foods—and whenever you buy bread, and regardless of how much or how little you use, get Bender brand, and raise healthy Bender Bread boys and girls—the best breed in the world.
