CHEAP, VULGAR DANCES MUST GO, SAY AMERICAN DANCING MASTERS

Old-Fashioned, Keep-Your-Distance Steps to Displace "Half-Nelson," "Body-Hold," "Shimmy-Lock" and All Jazz Features

New York, Jan. 24.—Old-fashioned, keep-your-distance dances are to displace the modern jazz steps, if the nation-wide reform movement undertaken by the American National association of Masters of Dancing proves successful.

Notice to Light and Power Users

The power plant will be shut down at midnight Saturday and remain down until lights are needed Sunday afternoon. This is done in order to make necessary repairs to the boiler.

Cottage Grove Electric Comp'y

The dancing masters, it is announced here, count upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police department—to exterminate the "half-Nelson," "body-hold," "shimmy-lock," and other imported ballroom grips which are practiced by some dancers.

Cheap and vulgar music is also to come under the ban and, according to a circular just issued by the association, those in charge of community or public dances are urged to show their opposition to undesirable dances by distributing "You will please leave the hall" cards to those who persist in offending.

The women, it is charged, are often as much to blame as their partners and, in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a

warning is disregarded, to oust them at once.

"You will soon see," the circular reads, "that you have raised the standard of your establishment and that the loss will be more than made up by double the number of persons who have respect for you and your dances."

Some of the rules and regulations which all are urged to obey follow:

"Dance music should be bright and cheerful, properly accented, and the phrases well divided. Cheap, vulgar music of the extreme 'jazz' type invites cheap, vulgar, meaningless dancing. It is useless to expect refined dancing when the music lacks all refinement, for, after all, what is dancing but an interpretation of music?"

"The association has adopted the following tempos, it being impossible, the masters say, to regulate fast dancing:

"Waltz, 48 measures to minute.
"Two-step, 54 measures to minute.
"One-step, 66 measures to minute.
"Fox-trot, 40 measures to minute.
"Dancers should assume a light, graceful position," say the masters.
"There should be no jerky half-steps for these cause undesirable variations. Partners should not dance with cheeks close or touching nor should the clasp be tight. 'Neck-holds' are positively unpardonable. The gentleman's arm should encircle his partner's waist, his hand resting lightly just above the waist line. The lady's left arm should not encircle her partner's shoulders or neck.

"Steps or movements that cannot be controlled should not be taught by dancing teachers. Short side steps, first right, then left, when done continuously, are not conducive to refined dancing and should not be permitted. 'Shimmy' dancing, a shaking or jerking of the upper part of the body while taking short steps or standing still, should not be tolerated.

"The proper dancing step should be the same as a natural walking one, except in exhibition dancing, which properly belongs to the stage, not to the ballroom. Exceptionally long or short steps are not in good form.

"Dancing should be from the waist down, not from the waist up. Copying of the extremes used on the modern stage is in bad taste. Remember that the majority of dancers desire to dance according to the best accepted standards, that is, without the slightest trace of offense to dignity or decorum."

According to the monthly report of the weather bureau, January was the driest month in the history of southern Oregon, less than half an inch of rain falling. The average for the month was 4.29 inches. As the precipitation has been deficient since the beginning of the rainy season, farmers and fruit raisers are becoming worried and an added impetus has been applied to the campaign for irrigation.

Approximately a million feet of timber in the Siuslaw national forest, in the vicinity of Yachats and Cape creek, on the coast, was destroyed by insects during the past year, according to a special report just filed in the office of the Siuslaw forest. The investigation was made by one of the rangers who found that the ravages of the insects, the nature of which he was unable to determine, covered a strip about a quarter of a mile wide and 50 acres in extent, near the coast.

St. Benedict's Abbey, with headquarters at Mount Angel, has filed suit in the United States court in Portland to test the validity of the law passed at the recent special session of the state legislature making it unlawful to print, publish, circulate, display, or sell or offer for sale any newspaper or periodical in any language other than English unless the same contain a literal translation in the English language of the same type and as conspicuously displayed. The plaintiff corporation prints, publishes, circulates and sells a weekly newspaper called "St. Joseph's Blatt," which has a weekly circulation of approximately 24,700 copies and is printed in the German language.

The machinery for the first unit of the Astoria Flouring Mills company's new plant at the port terminals at Astoria has been operated for a few days as a test, and has been found to work satisfactorily. It is expected this unit, which will have a capacity of 2000 barrels of flour a day, will begin grinding immediately. The second unit of the plant will be ready for operation in about six weeks. The new plant will be one of the largest single mills of its kind in the country. It will turn out 4000 barrels of high-grade flour each 24 hours. With the company's present mill also in operation the daily output will be increased to 5200 barrels, sufficient to provide a full steamer cargo for export each month.

The state highway commission, in session in Portland last week, awarded a contract for a bridge across Youngs bay at the price of \$308,620.60; refused to make any promises for paving until result of May election is known; decided not to push Mount Hood loop at a sacrifice of highways in Lake, Klamath and other counties; agreed to extend The Dalles-California highway 35 miles from Modoc Point to Sand creek; suspended contract on Redmond-Prineville road and will aid county on the Crooked river road toward Paulina; will neither pave nor consider road from Woodburn to Newberg until state map roads are disposed of and new roads are taken up; accepted proposals of Union county, pending result of May election, and ordered contracts called; ordered survey to finish Enterprise-Flora road in Willowa county. No action to be taken on Crater lake project until after May election.
