Can Your Baby Roll With Safety on Your Rugs?

Youngsters will toddle and tumble and roll. It's a happy, human trait—but have you made provision for it in your home, so that the health of your little ones can be properly safeguarded?

A good precaution is to be sure that the washable rugs in the nursery, in the bedrooms and elsewhere in the home are always properly clean. And it is no trouble to keep them that way if you will just send them to us once in a while for laundering.

Bender Bread Boys

The well-nourished boy is a smiling, happy, healthy boy. Being well nourished, he grows into strong, vigorous, healthy manhood. Bread is the best food for all ages—the most nutritious, the most wholesome, the least expensive. Give your children plenty of bread and milk. Eat bread more freely yourself in preference to more expensive and less nutritious foods—and whenever you buy bread, and regardless of how much or how little you use, get Bender brand, and raise healthy Bender bread boys and girls—the best bread in the world.
