It Is Easy To Imitate Names

The public is constantly being swindled by imitations, counterfeiters and substitutes that resemble in name and appearance Foley's Honey and Tar Compound. It is because the original Foley's is so good, so reliable and so well known that these frauds find sale.

Always Has It In His Home T. J. McCall, Athens, O., writes: "We have used Foley's Honey and Tar in our home for several years and find it almost invaluable for coughs and colds, and especially for croup in our children. We are never without it and can not too highly recommend it for coughs, cold or croup for either grown-up people or children."

Foley's Honey and Tar Compound

IS PLEASANT TO TAKE, and soothes the raw, inflamed surface; stops the rasping, strangling feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.

For more than thirty years Foley's Honey and Tar has been used with satisfaction and success.
