Your Old Suit Made New

It is needless today to make the old suit last—though not at the expense of becoming tattered. Between the costliness of clothing at the one extreme and the shabbiness of them at the other there is a middle ground where economy and good appearance meet. Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new. Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.
