Graceful

Every woman longs to be graceful, but few know the secret of acquiring this charm. You can never sit, stand or walk gracefully unless you have freedom of movement, an erect carriage and healthful poise.

WARNER'S RUST PROOF CORSETS

make all these inevitable; and this in addition to giving your figure the fashionable long lines of the modish silhouette.

Here's Proof

A COTTAGE GROVE MAN TELLS OF HIS EXPERIENCE.

You have a right to doubt statements of people living far away but can you doubt Cottage Grove endorsement?

Read it: F. C. Ralston, retired farmer, 447 S. Third St., says: "Whenever I have an opportunity to speak a good word for Doan's Kidney Pills I do not hesitate to do so. This medicine regulates the action of the kidneys and overcomes pains due to disordered kidneys. I have been obliged to use a kidney medicine on several occasions for kidney complaint and in every instance, Doan's Kidney Pills have never failed to give satisfactory results."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ralston had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. a29

Over Twice as Many to Educate But Only Half as Much Money to Educate With

That is why the Oregon Agricultural College, the State University, and the Normal School cannot maintain themselves on the old basis. In 1913 they

Had Only 2250 Students, but they Now Have 5400 Students

In addition, their income in 1913 had twice the buying power of their income in 1920, due to the worldwide rise in costs over which of course they could have no control.

The foregoing is one of many equally good reasons why you should vote for the Higher Educational relief bill at the election on May 21. Save the quality of higher education in Oregon, and give YOUR boy and girl, and YOUR NEIGHBOR'S, their rightful educational heritage.

Who invented the bifocal?

It is not strange that the bifocal idea should have had its origin in the fertile brain of Franklin, who by reason of his numerous inventions showed an untiring effort to increase the efficiency of the human race.

From Franklin's split bifocals have developed the modern invisible bifocals known as KRYPTOKS (pronounced Crip-tokks).

KRYPTOK GLASSES THE ONLY INVISIBLE BIFOCAL

enable you to see everything—whether nearby or at a distance, without changing or removing glasses from morning until night. There is no line, seam nor hump to separate the upper part (far vision) from the lower part (near vision) of the lens.

We advise the use of KRYPTOKS only in cases where bifocals are necessary.

No matter what your eye requirements are, we guarantee to give you the best service that the optical profession affords.
