"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.

Approval of bonds.....	10.00

Adjourned to April 12.
 J. E. YOUNG, Recorder.

A panacea for everything—Sentinel wants.

The Farmer Is Entitled to Ease and Luxury

During the war no class of American citizens did more to help bring Kaiser Bill to his feet than the farmer who produced the food to feed the doughboy and to keep our allies from starving. During the reconstruction period the farmer has been equally patriotic and has had nothing to say about the 30-hour week and other things that have sent prices skyrocketing. For centuries he has been the nation's hardest working citizen, but now he is coming into his own. The farm tractor is his reward for these centuries of effort. Every farmer is entitled to have one of these labor-saving machines. Every farmer can afford to have a Fordson, the most practical for Willamette valley farms and the most moderate in price for a farmer anywhere.
