Twice Proven

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Cottage Grove evidence—doubly proven.

Mrs. M. Keibelbeck, Birch and J streets, says: "Whenever kidney complaint has troubled me, I have used Doan's Kidney Pills with good results. I am subject to kidney weakness, and I was never able to find any medicine that would really help me until I used Doan's. A short use of this medicine once in a while keeps me free from all kidney complaint."

OVER THREE YEARS LATER Mrs. Keibelbeck said: "My estimation of Doan's Kidney Pills remains unchanged. They have never failed to give me satisfactory results when I have used them."

Price, 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Keibelbeck had. Foster-Milburn Co., Buffalo, N. Y. a16-23

STERLING COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value for Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine:

Says "It Acts Like Magic"

Gilbert Fleming, 3911 Budlong Av., Los Angeles, Cal., writes: "I have much pleasure in testifying to the very great benefit my family and I have derived from the use of Foley's Honey and Tar. It positively acts like magic, and to my mind there is nothing on the market that can compare with it. Whenever there are any of our household suffering from heavy colds or had coughs or hoarseness, we at once get a bottle from our local drug store, and after one or two doses obtain instant relief. Your company deserves great credit for such a valuable production and from our own experience we cannot do otherwise but recommend it to our friends and this we willingly do and will continue to do so."

Foley's Honey and Tar COMPOUND

CLEAR THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and cools the raw, inflamed surfaces with a healing, soothing medicine.

Coughs that "hang on" after the grip or "flu" are relieved by Foley's Honey and Tar.

just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCHES WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

5 FOR THE CHURCHES WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

3 FOR HIGHER EDUCATION. Of the 5,000,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnas to measure the value of their contribution to America.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
