KERR & SILSBY

**IF YOUR VISION IS BE-
COMING HAZY** and you
are not enjoying the full
benefit of perfect sight, you
owe it to yourself to have
your eyes properly attended
to at once.

It will surprise you to
know what an improvement
a pair of suitable and accu-
rately fitted glasses will
make in your seeing capac-
ity and in your general
health.

Possibly you can use
double-range glasses to good
advantage. If so, you can
wear **KRYPTOKS** without
anybody knowing you are
wearing bifocals, because
they have no seams. This
overcomes the objection that
many have to wearing bifo-
cals.

A personal investigation
of our methods will convince
you of our ability to satisfy
you.

WATCH YOUR LABEL.
Cottage Grove will be treated to one
of the most attractive entertainments
of the year when the doors of the high
school auditorium are thrown open on
Friday and Saturday evenings.

Fri. and Sat. Evenings
and a talented company of Cottage
Grove high school students presents the
delightful new comedy

"As a Woman Thinketh"
Though the play is a comedy with two
entirely humorous characters and one
laughable scene after another, the fun
has been cleverly worked in with a
number of wholesome, helpful, common-
sense ideas which form the real plot.
Then the young actors and actresses
themselves have added most earnest
thought and practice, sparing no ef-
forts to insure a successful production
and to please all who attend.

A New Project in Our Locality.

The time of the year has arrived
when people are beginning to plan for
the summer. Some will want work,
others rest, and still others health and
recreation.

The wooded mountains of Oregon
offer all these opportunities, as Miss
Eva Wentworth can testify from many
years of sojourn here from California.
In the woods between Cottage Grove
and Lorane she has built for herself a
Summer-rest retreat which will be
opened this year for the first time to
the public.

Her aim is to benefit humanity in
the same manner as she herself has
been benefited. She will take guests
seeking rest, quiet and a complete
change; also, those suffering from hay
fever and asthma. She has found the
woods of her mountain home a cure-all
for hay-fever.

Summer-rest resort will open July
first and close the last of September.
For prices and reservations, apply to
Miss Eva Wentworth, 283 West Dako-
ta street, Pasadena, Calif. a16c

We have just installed a brand new Buffalo silent meat chop-
per—the very latest machine used in the making of good,
clean sausage. So why not use good clean sausage that is
made right here in Cottage Grove? The meat used in our
sausage comes from the meat of high-priced cattle but is made
from the inexpensive cuts. This part of the meat contains
the same nutritive qualities as the expensive cuts. Do you
know that 10c in sausage goes as far as 20c in any other
grade of meat that you can buy? It is also wholesome, nu-
tritious and very nourishing and easily digested. So just give
our sausage and sausage maker an opportunity to show you
what we are trying to do. Our shop is open for inspection
