

MACK PERFORMANCE COUNTS

PIN YOUR FAITH TO EXPERIENCE

—in Selecting a Truck

Performance records covering twenty-one years of experience are back of every MACK truck built today.

You would not choose as the tailor for your suits a man who had not had years of experience, nor would you have a carpenter build you a house unless first you satisfied yourself of his ability.

Therefore, in selecting your motor truck, pick first of all a high-grade, manufactured product built by men who know the requirements and how to produce a truck that will meet them.

The MACK truck will meet any and all haulage conditions you may be disposed to suggest and meet them in a way that will cause you to admit they were done right.

Put a MACK to the TEST.

"Just as Man to Man"

says the Good Judge

You get a lot more genuine satisfaction from a little of the Real Tobacco Chew than you ever got from the old kind.

You don't need a fresh chew nearly as often, the good, rich, real tobacco taste is so lasting. That's why it costs less to use this class of tobacco.

Any man who uses the real Tobacco Chew will tell you that.

Overland Fours en Route

AUTO ELECTRIC SHOP,
Cottage Grove, Oregon.

Gentlemen: There are now 31 carloads en route to Oregon. Give us an idea what assortment you would prefer. Fourteen carloads were shipped in one day, 17 carloads in the next. It is necessary that we have this information immediately so that we have the records before we start diverting.

(Signed) H. H. ELLING, Manager (Portland).

Now you fellows who have been dodging an order blank for fear we couldn't make delivery come to the front and tell us what you want.

We don't believe it necessary to mention again the easy riding qualities—made possible by the new triplex springs—or the high tire and gas mileage of the Overland 4. They have been on the streets of Cottage Grove for months, always reliable and ready for business, their owners enthusiastic over their ease of operation, smooth riding and running qualities. They all say: "The more I run it, the better I like it."

During the week we are going to make an effort to show some model of this car in all the smaller towns adjacent to Cottage Grove. If out-of-town parties interested will drop us a card we will be glad to demonstrate. We keep demonstrators on hand at all times. Salesroom Main at Ninth. Complete repair and service station in connection.
