THERE IS AS MUCH TO CONSIDER IN THE STYLE OF GLASSES AS THERE IS IN THAT OF CLOTHES

It is important in fitting glasses that the personality as well as the eyesight should be taken into account.

We have a large variety of frames and mountings, including the smartest to the most dignified, from which to select those that are best suited to your features.

We are fully equipped to satisfy the most particular optical needs. If you require two-vision lenses, we advise wearing KRYPTOKS because they combine perfect near and far sight without any ugly seams showing on the surfaces.
