ELECTION, MAY 21

STATE ROADS

Vote 302 X Yes
For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS:

302 X Yes
303 No

CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.
LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debts and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

**NO PROPERTY TAX—NO DIRECT TAX
NO INCREASE IN AUTO LICENSE FEES
NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments of Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be financed by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenue from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus besides.

For Interest Tables, Pamphlets or further information, write to

Woodson's Fordson Service

Service is the most abused word in the English tongue today.

Proclaimed glibly by thousands without thought or obligation, the real meaning of Service is little known by many and the actual rendering of Service finds still fewer disciples.

With the Fordson Tractor, real Service is offered in the tractor field of the highest order. As the Ford automobile has built its monument on the cornerstone of Service, so the tractor, a new product of the genius of Mr. Ford, is building—not for a few days or years—but for all time.

The tractor itself is made as durable, dependable, efficient and economical as the best engineering skill, the finest materials and workmanship can make it. That is the Factory SERVICE.

Wherever a Fordson tractor is sold, there you will find parts and mechanical aid as quickly and as easily available as the kerosene you put into your tank. That is the Dealer's SERVICE.

To own a Fordson is to own a tractor that will SERVE you every working day in the year.

WOODSON'S, THE LOCAL FORDSON AGENTS, HAVE BUILT THEIR BUSINESS ON THE IDEA OF SERVICE. WHEN YOU THINK OF SERVICE, YOU NATURALLY THINK OF WOODSON'S AND THE FORDSON.
