"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the same implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."
Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.
