## To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the rebuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress;

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

## PLATFORM ADOPTED BY REPUBLICANS

The Most Important Plank Is That Relating to League of Nations.

The most important plank in the platform adopted by the national republican convention at Chicago was the one relating to the League of Nations. As finally agreed upon in the resolutions committee and accepted by the convention, it harmonizes the views of the conflicting elements, some of which had threatened to bolt the party.

The important planks summarized are as follows:

Republican party reaffirms its unyielding devotion to the constitution of the United States.

Declares democratic administration unprepared for war and equally unprepared for peace, and the demonstrated incapacity of the democratic party has destroyed public confidence and weakened the authority of government.

Republican party will undertake to end executive autocracy and restore to the people their constitutional government.

The farmer is recognized as the backbone of the nation and party believes that his condition can be improved by adequate farm representation in the appointment of government officials.

Declares the federal farm loan law should be so administered as to facilitate the acquisition of farm land.

Recognizes the justice of collective bargaining as a means of establishing more harmony.

The right to strike against the government denied, but the rights and interests of all government employees must be safeguarded by impartial laws.

Compulsory arbitration in private industries not advocated, but facilities for voluntary mediation favored.

Congratulates the republican congress on the enactment of a law providing for an executive budget, and condemns the veto of the president.

President Wilson's Mexican policy condemned. We should not recognize any Mexican government unless it be a responsible government willing and able to give sufficient guarantees that the lives and rights of American citizens are respected and protected.

Favors liberal appropriations in co-operation with the states for the construction of highways.

Opposed to government ownership and operation or employe operation of the railroads.

Holds in imperishable remembrance the valor and the patriotism of the soldiers and sailors of America who fought in the great war and pledges to discharge to the fullest the obligations of a grateful nation.

Republican party pledges itself to earnest and consistent attack on living costs by rigorous avoidance of further inflation of currency and promotion of production.

Party reaffirms its belief in protective principle and pledges itself to revision of the tariff as soon as conditions make it necessary.

Existing policy of United States for practical exclusion of Asiatic immigrants is sound and should be maintained.

Right of free speech, free press and free assembly must be maintained, but advocacy of overthrow of government must not be permitted.

Immediate resumption of trade relations with nations with which United States is at peace demanded.

Republicans welcome women into full participation in activities of party and of government.

Equal pay for equal service should rule in all branches of government in which women are employed.

Republican party will oppose now and hereafter the acceptance of a mandate for any country in Europe or Asia.

The plank on the league of nations says:

"A League of Nations—Foreign policy of administration has been founded upon no principle and directed by no definite conceptions of our nation's rights and obligations. It has been humiliating to America and irritating to other nations, with the result that, after a period of unexampled sacrifice, our motives are suspected, our moral influence impaired and our government stands discredited and friendless among the nations of the world.

"We favor a liberal and generous foreign policy, founded upon definite moral and political principles, characterized by a clear understanding of and firm adherence upon our own rights and unfailing respect for the rights of others. We should afford full and adequate protection to the life, liberty and property and all international rights of every American citizen and should require a proper respect for the American flag; but we should be equally careful to manifest a just regard for the rights of other nations. A scrupulous observance of our international engagements when lawfully assumed is essential to our own honor and self-respect and the respect of other nations. Subject to a new regard for our international obligations, we should leave our country free to develop its civilization along the lines most conducive to the happiness and welfare of the people, and to cast its influence on the side of justice and right should occasion require.

"The republican party stands for agreement among the nations to preserve the peace of the world. We believe that such an international association must be based upon international justice and must provide methods which shall maintain the rule of public right by development of law and the decision of impartial courts, and which shall secure instant and general international conference whenever peace shall be threatened by political action, so that the nations pledged to do and insist upon what is just and fair may exercise their influence and power for the prevention of war. We believe that all of this can be done without the compromise of national independence, without depriving the people of the United States in advance of the right to determine for themselves what is just and fair, when the occasion arises and without involving them as participants and not as peacemakers in a multitude of quarrels, the merits of which they are unable to judge."

## Renewed Testimony

No one in Cottage Grove who suffers backache, headaches, or distressing urinary ills can afford to ignore this Cottage Grove man's twice-told story. It is confirmed testimony that no Cottage Grove resident can doubt.

A. Rogers, retired farmer, 706 Chestnut Ave., Cottage Grove, says: "I have taken Doan's Kidney Pills off and on for several years and they have always done me good. I am subject to kidney trouble and at times have difficulty in retaining the kidney secretions. I find that if I take a box or so of Doan's Kidney Pills my kidneys act perfectly normal." (Statement given March 27, 1916.)

On March 27, 1920, Mr. Rogers said: "I know there is nothing better for kidney trouble than Doan's Kidney Pills. They have always helped me when I have had need to use them."

## THE FORDSON WAY

Is the only way for the live, progressive, up-to-date farmer. Farming has become both a business and a science. No longer need it be a drudgery. The Fordson tractor is the solution. Your son or your daughter will be glad to help when they can ride a chug-chug and handle the steering gear. It will save its cost in a short time in the saving of feed bills. Expense stops the moment you shut off the gas and you never have to worry about feeding it, rubbing it down or cleaning out the stalls.

## Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.
