#### "STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honest and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better." Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.

### BEING OFF GRAVELED ROAD CUTS PRICE THIRD

Value of Highways Well Illustrated by Owner of Farm Offering Place for Sale.

The difference one mile of poor road makes is illustrated in an 80-acre ranch seven miles from Cottage Grove, six miles over good all-year-round graveled road, but last mile over a county dirt road that the county court has forgotten to work, though, it is said, it has promised to do so. Most of the land is deep, rich first bench, 17 acres in cultivation, 23 more needing only to be brushed and plowed. Many big springs; growing beans, potatoes and corn prove it to be frostless, best soil and vetch crop I've seen this year, clover, big crop of strawberries, plums, pear, cherry, peach and apple trees enough for many families, 104 six-year-old prune trees loaded with fruit, fair houses—(2) and 1 good and 1 old barn, water piped to house on which \$800 insurance is carried.

If this place were on the graveled road it would go like hot cakes on a frosty morning for \$75 an acre. But one mile of unworked (but it will be worked) dirt road intervenes and it is offered for \$3700, of which \$1700 can be left against the place for 5 years at 7%. And in addition, a good team of geldings 5 and 6 years old, good set work harness, 3-yearling, 4 heifers, 1 bull, 3-inch Bain wagon in fair condition, light 2-horse buckboard, half interest in mower and rake, 3-inch steel-bum plow, 2 cultivators, spray outfit, and numerous other farm tools, telephone stock and right (wire into house) all go with the place at above price of \$3700.
