DALLAS MILL DESTROYED

\$200,000 Loss Estimated to Willamette Valley Plant.

Dallas, Or.—Fire originating from a hot box on a slab conveyor broke out in the Willamette Valley Lumber company's sawmill here during the noon hour and completely destroyed the on-gine room and main sawmill, entailing a loss estimated at \$200,000. The mill was built 14 years ago and was considered one of the largest in the state.

Citizens of Dallas responded for the emergency and, combining with the fire department and employees of the mill, made nearly 1000 persons engaged in fighting the flames and saving valuable cars of logs, the lumber yard and neighboring manufacturing plants.

"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.
