**"STERLING" COMPOUNDED  
FEEDS**

It is an undisputed fact that hon-  
estly and accurately compounded  
feeds give better results than any  
straight grain feed. When we started  
in this business we were thor-  
oughly convinced that the public  
cares as much for quality as for  
price. Believing this, our motto has  
been "A Higher Feed Value—For  
Less Money." And because we  
have constantly kept this in mind,  
"Sterling" Compounded Feeds are  
recognized as being all the name  
implies.

Our specialties are horse feed,  
hog feed, and dairy feed, for which  
we make the claim "There are none  
better."

Call and see us, and by comparing  
our prices with those of other com-  
pounded feeds, you will find oppor-  
tunities and bargains here that you  
can't find anywhere else.

**T**HE women should cer-  
tainly be thankful for the  
automobile. It has given  
them a chance to see a lot  
more of their husbands.

they're beginning to insist  
on *knowing what they are  
getting.*

And the more they insist,  
the better it will be for us.

II

But it has done a great  
deal more than that.

IV

We want our customers  
to know what they are  
getting.

It has brought people closer  
together, given them new  
interests, swept away old  
prejudices.

That's why we represent  
U. S. Tires—so there will be  
*no doubt* about it.

What affects one man now  
generally affects a good many  
of his neighbors in the same  
way. And they have a better  
chance to get together and  
talk things over.

Whatever the size of your  
car, you know that the U. S.  
Tire you put on it is the *best  
kind of tire* its makers know  
how to make.

III

It's had its effect on the  
tire business.

U. S. Tires are guaranteed  
for life, *without any limi-  
tation* of mileage.

When automobiles were  
new people were willing to  
buy any kind of a tire. Now

That ought to mean some-  
thing to the man who has  
thought about tires.

Select your tires ac-  
cording to the roads  
they have to travel:

In sandy or hilly coun-  
try, wherever the going  
is apt to be heavy—The  
U. S. Nobby.

For ordinary country  
roads—The U. S. Chain  
or Usco.

For front wheels—  
The U. S. Plain.

For best results—  
everywhere—U. S.  
Royal Cords.
