SOCIETY

The ladies aid society of the Presbyterian church met Wednesday afternoon at the home of Mrs. W. Frasier Johnson. Light refreshments were served during the afternoon. About 28 members were in attendance. Mrs. Mary Smith, Mrs. F. A. Garetson and Mrs. Johnson were hostesses for the occasion.

Miss Cassie McCord, former Cottage Grove teacher, sister of Mrs. C. E. Umphrey, was married Wednesday, September 8, to Gordon Ault, of Portland, at Bayard, Ia. Mr. and Mrs. Ault left on a honeymoon trip to Ohio. Plans for their future home have not yet been announced.

Miss Olive Shortridge, of this city, and Kenneth Barry, of Portland, were quietly married this week in Eugene. The bride is a daughter of Mr. and Mrs. S. P. Shortridge and one of the popular young women of the city.

The Social Twelve club was pleasantly entertained yesterday afternoon by Mrs. J. A. Wright. Mrs. Elbert Bede and Mrs. C. E. Umphrey were guests. Dainty refreshments were served.

Earl E. Arthur, of this city, and Miss Fern Hobbs, of Cape Girardeau, Mo., were married Thursday of last week in San Francisco at the home of an aunt of the bride. They are now at home here.

The M. P. G. club was entertained Saturday afternoon with a luncheon at the home of Mrs. Roy Short. The occasion of the meeting was the seventh birthday anniversary of the club, and according to an established custom the annual election of officers was held. Mrs. Charles Adams was chosen president for the coming year and Mrs. C. C. Cruson secretary. Retiring officers were Mrs. Roy Short, president, and Mrs. Armand Wynne, secretary. The day was also the wedding anniversary of Mrs. Short and the members of the club presented her with a beautiful bouquet of flowers.

Miss Alice Garetson, Miss Hildred Hall and Miss Martha Johnson were entertained by the Gamma Phi Beta sorority Saturday at the home of Miss Dorothy Dixon in Eugene.

Game Farm at Eugene Dedicated.
The dedication of the new state game farm at Eugene on Labor day brought many prominent sportsmen of the state to that city. Visitors at the grounds were shown the 4000 young

Chinese pheasants now on hand which will be liberated throughout the state next spring, and also the enlarged pens and facilities for caring for the birds. A trap shoot was held on the grounds both Sunday and Monday with many crack shots competing.

SILK CREEK.

(Special to The Sentinel.)

"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value for Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.

THE UNIVERSITY OF OREGON

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expression of public support, the University is now entering upon an era of large development and extended usefulness.

KITCHEN THINGS That Count

for easier work and better living. Isn't that an ambition worth while? So easy to realize, too. Just come here to our kitchen utensil department and you'll find pots, pans, kettles and what not made just right at the right price.

W. L. DARBY & CO.

Shipment of Chevrolets Received

CHEVROLET ONE TON TRUCK

A carload of Chevrolets has just been unloaded for distribution in the Cottage Grove territory. The shipment consists of the "490" model touring cars, a "490" roadster and a one ton truck chassis. We were not able to obtain an "FB" model touring car nor light delivery truck as was expected, but hope to have these included in the next carload which will be delivered the latter part of this month.

If you are considering a truck of from one to one and a half tons capacity, we will be glad to show you the many big features of design incorporated in this truck. It is an ideal truck for farm use, for interurban freight trucking, hauling wood, fruit, grain and mill products. The best features of American construction are used in this truck including:

Valve-in-the-head long stroke motor with aluminum pistons, unit power plant, water pump circulation, two unit ("Auto-lite") starting and lighting system with electric headlights.

Large rear axle with worm drive, Chrome-Vanadium steel axle shafts running in double rows of New Departure ball bearings.

Two piece tubular drive shaft with 3 universal joints which prevent "whipping."

Goodyear tires, 35x5 cords on rear wheels, giving excellent traction in wet weather.

We cordially invite you to visit our salesroom and see these different types of Chevrolets. Chevrolet vehicles have the second largest sale of any automobile manufactured. One thousand cars per day is a huge output—that is our recommendation of Chevrolet cars. Sales speak louder than words.

Yours for Service
