CHEVROLET

"Best Little Car on the Market"

Announcement

We have just been assured by the Chevrolet Motor Company, of Oregon, that additional cars over and above our regular allotment may be furnished. We expect CHEVROLET sales to lead all cars in this territory and to this end we have organized our sales system.

We take pleasure in announcing that PERINI BROTHERS, of this city, having discontinued the sale of other cars, will hereafter be authorized CHEVROLET sub-dealers and will be prepared to furnish you with all models of CHEVROLET pleasure and commercial vehicles.

COWAN'S GARAGE, of Yoncalla, are also authorized CHEVROLET sub-dealers and will carry a complete stock of repair parts in order to give the best of service to all CHEVROLET owners living within easy reach of Yoncalla.

A CARLOAD of CHEVROLETS was unloaded last week and a SECOND CARLOAD, including one F-B model "Baby Grand" has been received today.

Volume of sales indicate a car's popularity.

Universal popularity is the reward of reliable and economical service rendered by more than a half million CHEVROLETS now in operation.

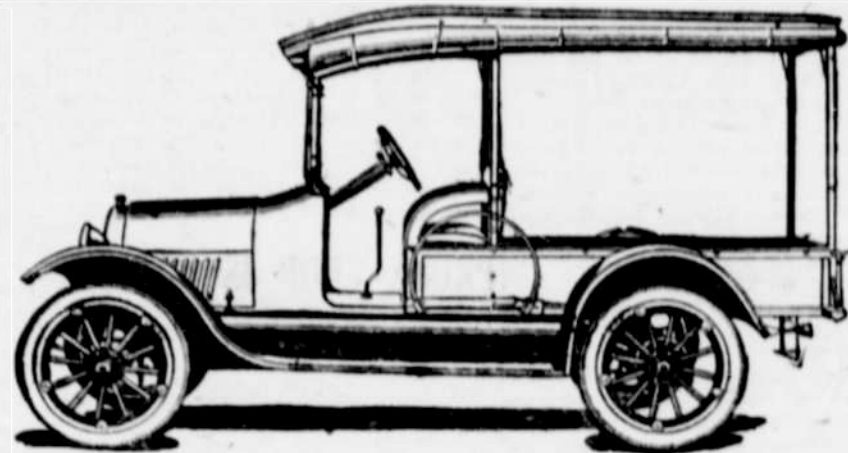

The discriminating man buys standard goods. If you are now trying to decide whether your new car is to be a CHEVROLET or one of the other hundred makes of American cars, ask yourself the following questions:

- 1—Which car will give the lowest operating costs including cost of gasoline, tires and depreciation?
- 2—Which will bring the highest second hand value?
- 3—Is the car readily salable at any time?

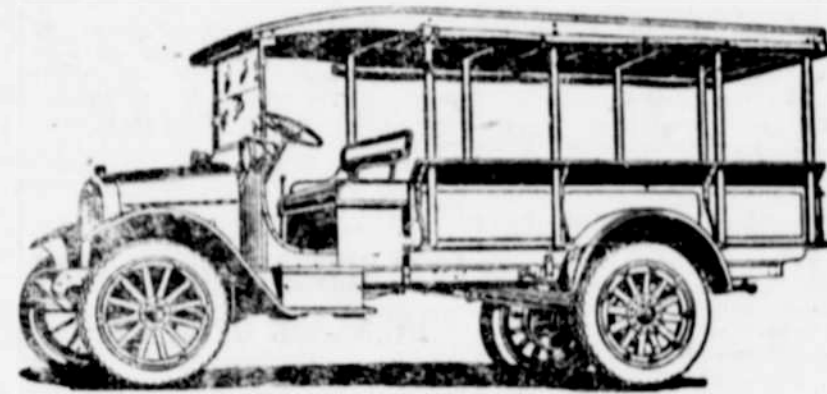

Thanking you for the loyal support of the CHEVROLET line in the past and soliciting the future patronage of yourself and friends, we remain,

Yours for Service

THINGS WE THINK

A Boston man says if he had created the world he would have made all women beautiful. While at it he might also have provided himself with brains.

Good luck is for the industrious.

We all have our faults—the greatest of which is finding fault with others.

Let a person talk to you twenty minutes without interrupting him and you will learn all his faults and virtues.

The man that always does as his wife says won't create any more commotion in the world at large than he does at home.

The entirely honest people in this old world, if they should all die at once, wouldn't cause much of a congestion at the golden gate.

Some folks are such blockheads that it's peculiar they don't get splinters in their brains.
