In Your Eyes

WHAT IS IT that is causing all that trouble with your eyes?

ARE THE EYE MUSCLES following those laws laid down by nature?

ARE THEY WORKING in harmony and without strain?

ARE YOUR EYE NERVES being exhausted and irritated by the natural demand made upon them by some form of eye strain that you have? I shall be pleased to set your mind at rest on these points.

REMEMBER there is no guess work in my methods. MY YEARS OF EXPERIENCE plays the important part in each case.
