

MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear for Many Cottage Grove Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the heaving back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Cottage Grove case:

Mrs. Nettie M. Arne, 701 Birch Ave., says: "I know the value of Doan's Kidney Pills and am glad to recommend them. My kidneys troubled me a lot and my back was hardly ever free from aches and pains. I was run down and the action of my kidneys was irregular. Doan's Kidney Pills from the New Era Drug Store soon had me feeling like a different person. The pains left my back and I felt fine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Arne had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 10-15-22

PRODUCERS FOR STANFIELD

REPUBLICAN SENATE VITAL

PROTECTIVE TARIFF ABSOLUTELY NECESSARY

R. N. STANFIELD

(Editorial from Polk County Observer, October 14, 1920)

Republicans who do not give Mr. Stanfield their votes are certainly not going to vote their political convictions. A vote for Harding and Coolidge is a vote for a protective tariff and the conservative administration always given by republicans. A vote for George Chamberlain is a vote for low tariff and the radical policy of the democratic party. If Chamberlain is elected he may have the deciding vote as to whether the republicans can or cannot carry out their policies and put the business of the country on a substantial basis. In fact, all real republicans would much prefer to lose the state for president than for United States senator, for the latter, under existing circumstances, is much more important.

Stanfield is the kind of a man who will make a good senator. He has made his own business success raising sheep, and has suffered every ill of which the farmers complain. He has been compelled to sell his wool early in the season at a low price and later seen it resold for twice the amount he received. He has been compelled to pay a high price for feed for his animals and then sell in the spring at a loss. He started without a cent. He worked night and day for years. At times he has been successful. Just now he does not know how he will come out, with the price of wool so low that to sell means a big loss. He may have to sell, just as you have been compelled to on some of your products.

In other words, Mr. Stanfield is just the kind of a man the farmers would choose to represent them in the senate if they knew him and his ideas. He realizes that the state and national governments must protect the producers if the latter are to make a profit. He has as a producer come into contact with every evil of which the farmers justly complain. Even though he has largely confined his efforts to raising sheep and producing wool, he has been trimmed by the speculators just as have all other producers. And he has the knowledge and the ability to put the facts before the national legislators in a manner that will get results.

Senator Chamberlain, the democratic nominee, but who is subject to no party, was in town during the past week. He has the advantage of personal acquaintance. But Chamberlain has spent his entire life in holding office. He is not familiar with the difficulties of the farmers and producers. He must act with the democrats on the tariff question, allowing the wheat growers of the United States to remain in competition with those of the remainder of the world. You have seen how this resulted when Canada dumped a large amount of wheat onto the American market. The price was broken. He must also stand for a low tariff on all other products of this section that come into competition with the remainder of the world.

If you believe in the republican protective tariff, it is folly to vote for Chamberlain, for he will be compelled to vote against your interest if he is elected.

STANFIELD FOR SENATOR
REPUBLICAN CLUB,
(Paid Adv.)

Postmasters have been appointed in Oregon as follows: Maggie L. Demaris, Barnes, Crook county; Belle M. Ladd, Geneva, Jefferson county; Sidney E. West, Lower Bridge, Deschutes county.

As a result of a general force reduction order issued by the Southern Pacific company, 32 railroad employees have lost their positions in various departments of the service in Roseburg.

The Princeton university debating team, which is coming west to meet the teams of Washington and California, has asked for a debate with the University of Oregon during Christmas holidays.

The Bend commercial club immediately will file a complaint with the state public service commission as the first step in a campaign to secure railroad construction to connect Bend with Burns and Crane.

Work on the Hood River end of the Mount Hood loop highway, for which bids have already been called, will be delayed until later and, instead, improvement of the route between Sandy and Zig Zag will be started at once.

One result of the grand jury investigation of the building of the new schoolhouse at Bay City, Tillamook county, is the arrest of Henry Butler, a former school director, on the charge of receiving \$400 from one of the contractors.

At least \$50,000 will be spent by the Oregon Growers' Co-operative association during the coming year in advertising to the world the merits of Oregon prunes. The Oregon product will be advertised under the name of "Mistland."

The seventy-second session of the Congregational conference of Oregon and the annual meeting of the Woman's Home Missionary Union and the Oregon branch of the Woman's Board of Missions for the Pacific Coast met in Forest Grove.

Edward Heard and Seth Hart of Haines have filed application with the state engineer for permission to appropriate water from Rock Creek lake reservoir, for a supplemental supply for the irrigation of several hundred acres of land in Baker county.

Hood River apple growers are making fair progress in harvesting their crop despite unfavorable weather conditions. The total yield of the season is now estimated at 1,200,000 boxes, or 60 per cent that of last year. The crop will be about 50 per cent Newtowns.

Oregon Agricultural college hens have added another victory to their credit by winning first place in the all-northwest egg-laying contest conducted at the Washington State college at Pullman, according to Professor Dryden, in charge of poultry husbandry.

Hundred of thousands of acres of lodge pole and jack pine in central Oregon, valueless for timber, may become an important industrial resource. Experiments conducted under the direction of John Steidl of Bend and Dr. U. C. Coe of Portland have demonstrated that a good grade of commercially valuable paper can be manufactured from the pine.

The Langella valley irrigation district has made application to the irrigation securities commission for the certification of \$200,000 of a bond issue of \$900,000 which was voted for development of the project. This district includes an irrigable area of approximately 20,500 acres and is located in the upper part of Lost River valley near the town of Langella Valley in Klamath county.

This week is "buy a note secured by livestock" week among the bankers of the state, according to announcement of C. D. Rorer, chairman of the agricultural committee of the Oregon Bankers' association. Mr. Rorer sent out a bulletin to the members of the association calling attention to this campaign, which is planned by the agricultural committee in order to help the livestock situation.

The application of Fort Klamath Meadows company of Fort Klamath covering the appropriation of 116 second-feet of the waters of Four-Mile creek, Seven-Mile creek and Ann creek, tributaries of Upper Klamath land, for the irrigation of 9318 acres of land has been approved by Percy A. Cupper, state engineer. It is estimated that the construction work will cost approximately \$240,000.

Immediate opening of the Tillamook highway near Willamina, which Herbert Nunn, state highway engineer, in a communication sent recently to the Oregon public service commission, alleged was in almost impassable condition because of operations of the Willamina & Grand Ronde Railroad company, was directed in a letter prepared by Fred G. Buchtel, chairman of the public service commission and directed to officials of the railway.

The Oregon State Chamber of Commerce has announced that it has secured the services of J. W. Brewer as field secretary and a campaign is to be started immediately for the organizing of farm clubs throughout the state. George Quayle, general secretary of the chamber, reported that Mr. Brewer's work will pre-eminently be to encourage land settlement, to get people on the land and to encourage those now on the land to stay there.

AGRICULTURAL CREDIT IS HELD AVAILABLE

Federal Reserve Board Replies to Protests of Agricultural Conference.

Washington.—Bank credit "has been steadily available for the successive seasonal requirements of agriculture," according to a statement by the federal reserve board, designed as a reply to agricultural objections which appealed to the government for a further extension of agricultural credit.

Recent disturbances in price and demand which have been manifest in agricultural markets are "inevitable and unavoidable consequences of the economic derangements occasioned by the war," the statement said. It added, however, that the gradual and regular movement of the crops was to be expected.

"Between January 2 and October 1 about 800 leading member banks, which report their condition weekly, and they represent approximately 70 per cent of member bank resources, have increased their loans for agricultural, industrial and commercial purposes by an amount exceeding \$1,800,000,000. This great increase in the credit extended has in the main been possible by the accommodation extended member banks by the federal reserve banks."

After consideration of the statement issued by the federal reserve board, the joint committee of the recent agricultural conference left here to deal with the matter submitted in a report to Chairman Charles S. Barrett of the conference, in which it was stated:

"The statement issued by the federal reserve board not only does not attempt to meet the situation and will not alter conditions, but is even couched in terms to support the price declines. The board's declaration that present disturbances are inevitable and unavoidable is indefensible in this crisis."

"We advise that the next meeting (of the full conference) be held here on October 28, to complete plans already discussed in executive session."

DRY LAW TANGLES UP DEPARTMENTS

Washington.—Disclosure of a number of prohibition snarls in which three government departments and members of the diplomatic corps are involved was made when the state department issued a statement saying it "assumes that no official of the government would attempt to pry into the baggage of a foreign diplomatic officer."

The unusual course of the state department in making what appeared to be a public appeal to other government officials was adopted, it was learned, after the treasury had amended customs regulations to require baggage of diplomats to be examined and liquor removed. Back of the action of the treasury department, it was disclosed, was an opinion rendered by the attorney-general. It was said to hold that the Volstead Act withdrew from the diplomats the exemption from customs examination of their baggage heretofore accorded.

Diplomats have made no formal protest. The state department, however, has seen evidence of irritation among them.

BONUS PARADE IS HELD

Service Men Don Uniforms for Demonstration in New York.

New York.—Thousands of former sailors, soldiers and marines Saturday put on uniforms again to let the country know they want the national bonus. Parading up Fifth avenue with flags and military bands, the veterans formed the largest column of uniformed men assembled here since the divisions came home from France. Tens of thousands lined the gayly decorated thoroughfare.

Leading was Captain R. G. Woodside, commander-in-chief of the Veterans of Foreign Wars. American Legion posts and other organizations of world war veterans were followed by taxicabs carrying wounded and disabled fighters.

Baseball Reorganization Planned.

Chicago.—Representatives of every National league baseball club and three American league clubs went on record as favoring abrogation of the national agreement between professional leagues. Resolutions adopted proposed a complete reorganization of baseball with the national commission abolished and a civilian tribunal of three men not financially interested in the game in complete control. The five American league clubs not represented were given until November 1 to approve the new agreement, which would remain in force for twenty-five years. Unless they so agree, it was threatened at the meeting to form a new twelve-club league.

Third Annual November Subscription Special

SAVE FIFTY CENTS

Following the plan adopted two years ago, The Sentinel will this year give its third annual special November subscription offer. The cash in advance price of The Sentinel is \$2.25 the year. Until November 30 we will accept paid in advance subscriptions for a full year or more at \$1.75. This means that, in case your subscription is in arrears, you must pay arrears in full and then add \$1.75 for the year in advance. Figure arrears at 15c per month and then add \$1.75. No subscription for less than a year accepted at this special November rate.

If your subscription expires during November, remit \$1.75. If you are paid in advance, multiply 10c by the number of months it will take to carry your subscription to next November, deduct 50c therefrom and the remainder will pay you to next November.

You will see by these explanations that you get a saving of 50c whether your subscription is in arrears, paid to date or paid in advance.

Those whose subscriptions fell due during the latter part of September and during October, and who sent \$2.00 in payment of same, will find that they have been given credit for 13½ months. Such persons are asked to examine the date on their label to make certain that such credit has been given. The Sentinel aims to see that every subscriber gets a fair deal on this November special. Particularly do we look after the interests of our old friends who have been paying promptly for years. Those who are now paid in advance get the saving of 50c, as already explained, by carrying their subscription forward to next November.

EXAMPLES

If your subscription expires in September, 1920, 38c will pay you to November; add \$1.75 (total \$2.13) and you will be paid to November, 1921.

If your subscription expires in October, 1920, 19c will pay you to November; add \$1.75 (total \$1.94) and you will be paid to November, 1921.

If your subscription expires in November, 1920, \$1.75 will pay you to November, 1921.

If you are paid to December, 1920, it takes 11 months to pay your subscription to the next November. Eleven times 10c is \$2.09; deduct the saving of 50c, remit \$1.59, and you will be paid to November, 1921.

If you are paid to January, 1921, it takes 10 months to pay you to the next November. Ten times 10c is \$1.90; deduct the saving of 50c, remit \$1.40, and you will be paid to November, 1921.

The idea is to have all subscriptions expire in November and to have them paid in advance as much as possible, thus saving The Sentinel considerable expense in bookkeeping, which saving we wish to give to our subscribers.

REMEMBER THAT TO TAKE ADVANTAGE OF THIS OFFER YOU MUST DO SO BEFORE NOVEMBER 30, 1920. AFTER THAT DATE THE RATE WILL BE \$2.25 A YEAR.

"STERLING" COMPOUNDED FEEDS

It is an undoubted fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value for Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the same implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.
