

LOCALS ARE DEFEATED IN GAME WITH ALBANY

Albany high defeated Cottage Grove on the local field Saturday afternoon by a score of 7 to 0. The locals

put up a game scrap but were greatly outweighed by the visitors. The locals came near making the score more equal when the ball was carried from a dangerous point near their own goal to within a short distance of that of the enemy.

WILLIS COULD IMITATE OLD NERO, WHO FIDDLER AS ROME BURNED

A little thing like a runaway with a locomotive chasing his team down the track doesn't disturb the urbane equanimity of C. O. Willis. His team was frightened Wednesday forenoon as it approached the Southern Pacific crossing on Main street. They darted across the track a few feet ahead of the engine and raced down the tracks a few feet ahead of it, while the engineer took the surface off the rails in his efforts to keep from hitting the buggy. After a race of about a hundred yards one wheel struck a rail and was demolished, and Mr. Willis, still in the rig, was able to bring his steeds to a standstill. Those who rushed to his assistance reported that when they arrived he was calmly re-lighting his pipe.

SHERIFF MOST ECONOMICAL SAYS COUNTY COMMISSIONER

"Absolutely nothing to the charge of extravagance in office made against Sheriff Stickle," was the statement made yesterday by County Commissioner E. R. Spencer. "His office has been charged with a lot of expense which in former years has been charged against other accounts. All the expense of collecting delinquent taxes was taken by this office during Mr. Stickle's incumbency of that office. He has proved one of the most efficient and most economical officials Lane county has ever had."
