

ARCADE THEATER WEEKLY PROGRAM

Fri., Nov. 5—"Silk Husbands and Calico Wives," House Peers. A dynamic drama of domestic differences.

Eddie Polo in "The Vanishing Dagger." Sixth episode.

Sat., Nov. 6—"Smouldering Embers," Frank Keenan, the greatest character actor on the screen.

"Dull Care," by Larry Seimon. You'll say he's the greatest comedian you have ever seen. Don't miss him—come and get acquainted and you'll watch for his pictures.

Sun., Nov. 7—"Jenny Be Good," Mary Miles Minter. You'll find Mary Miles Minter a real star, and real action in this picture.

Pathe Review, motion pictures in colors.

Mon., Nov. 8—"Sauce for the Goose," Constance Talmage. "Sauce for the Goose," which proves to be a bitter pill for the gander, scored a

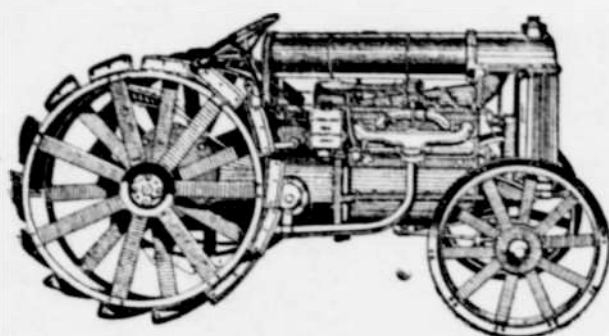

big hit on the speaking stage, and is sure going over big on the screen.

Tues., Nov. 9—"What Am I Bid?" Mae Murray. A story of the great outdoors. In this picture you'll see some of the greatest fights ever filmed.

Comedy, "Moonshine and Jail Birds."

Wed., Nov. 10—"The Misleading Widow," Billie Burke. She shocked the town; really she did. Here she was, a young and charming widow, entertaining two men in her home, and unchaperoned, too. Un-speakable!

Thurs., Nov. 11—"The Honor System." An all star cast. The story is laid in the mining town of Howling Dog, in Arizona, near the Mexican border. Down there on the Rio Grande their motto is "Stop, look and load." Prison reform is the subject of a great moral lesson contained in the story.

Fordson Farm Tractor

More than 100,000 Fordson tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time at less cost. North, east, south, west—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These 100,000 and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson, its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor; it is compact and devoid of excessive weight; and it is built of the same strong iron and steel as the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted to this territory. Orders are being filled in sequence—first come first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come in and have a tractor talk. Give us a chance to make a demonstration on your own farm.

Your Children

should not be sent to school until their eyes are optically correct. It is a great handicap for scholars to try to study when their vision is defective.

From my 29 years of experience in eye examination, eye testing, and the fitting and grinding of correct glasses, I am in a position to advise as to the very best possible course to take.
