No sir-ee, bob!

No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

"My, but that's a great cigarette".

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

"STERLING" COMPOUNDED FEEDS

It is an undisputed fact that honestly and accurately compounded feeds give better results than any straight grain feed. When we started in this business we were thoroughly convinced that the public cares as much for quality as for price. Believing this, our motto has been "A Higher Feed Value—For Less Money." And because we have constantly kept this in mind, "Sterling" Compounded Feeds are recognized as being all the name implies.

Our specialties are horse feed, hog feed, and dairy feed, for which we make the claim "There are none better."

Call and see us, and by comparing our prices with those of other compounded feeds, you will find opportunities and bargains here that you can't find anywhere else.
