

If a wife dresses up to the fashion the neighbors say mean things about how she keeps her husband's nose to the grindstone. If she is not particular about her dress they feel sorry for the man who has to live with such a dowd.

It's funny how much funnier a joke seems sometimes if it is on someone else.

A New York preacher says kissing is worse than drinking whiskey. He must refer to what it leads to.

Experience is one of the few costly things that is always worth just as much to its owner but for which there is no outright sale.

DAYS OF DIZZINESS

COME TO HUNDREDS OF COTTAGE GROVE PEOPLE.

There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills. Endorsed in Cottage Grove by grateful friends and neighbors. Ask your neighbor. Mrs. Amanda Spriggs, 500 S. 1st St., Cottage Grove, says: "Doan's Kidney Pills are not a new remedy to me for attacks of kidney trouble. I had terrible backaches and could hardly get about. Dizzy spells came over me, especially when I stooped. My limbs ached, my feet swelled and my kidneys acted too frequently. I used Doan's Kidney Pills as directed and they soon had me feeling like a different person. The aches and pains left and my kidneys did not annoy me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Spriggs had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 410-17

**STATE IS ALSO AFTER
LAWLESS CAR OWNERS**

T. A. Rafferty, chief field deputy of the motor vehicle division of the secretary of state's office, says that over \$20,000 in car license fees have been collected and forwarded to the department since August 15 by the field officers, and that in every instance these were for cars already in operation, no effort having been made by the owners to procure the proper license.

Many violators have been handled and arrests made for failure to provide licenses on vehicles, as well as for speeding, improper lights, and a general violation of the road laws. The work so far accomplished is becoming generally known and has been an incentive to local officers throughout the state to require a better observance of the motor vehicle laws as a matter of public safety.

The department is determined, Mr. Rafferty said, that a better observance of the state motor vehicle law shall be had and no mercy will be shown to drivers who persist in the violation of it.

Special attention will be given to such violations as improper lights, failure to dim lights when meeting other vehicles and the abuse of road privileges. The driver of the heavy motor vehicle who imagines that he owns all the road will soon find himself facing the judge, he said.

**CANNERS THINK FUTURE
BRIGHT FOR INDUSTRY**

Optimism pervades the canning industry throughout the east and middle west at the present time, according to J. O. Holt, manager of the Eugene Fruit Growers' association and packing manager of the Oregon Grower's Cooperative association, who returned recently from a trip to Chicago, where he attended as a delegate from the northwest a meeting of the National Canners' association.

Mr. Holt said that the canners and packers as a rule state that prospects for business are now brighter than they have been for some time past, but they believe that there will be no stabilization until about the first of the year.

Mr. Holt says the fact was brought out at the meeting of the national association that the canning industry is very strongly organized, especially in the west, and that the different plants have reached a degree of efficiency never before attained.

Mr. Holt said that Oregon fruit products are now attracting more attention in different parts of the country than ever before, and he believes that after the advertising campaign of the Oregon Growers' Cooperative association is well under way the business will grow with great strides.

LYNX HOLLOW.

(Special to The Sentinel.)
Dec. 9.—F. E. Taylor and Aubrey Wolford made a trip to Eugene Tuesday.

Will James and son from near Creswell were in the Hollow Tuesday.

Mr. Sours, a brother of Mrs. Pentico, is here from Kansas.

Andrew Horn, a San Francisco merchant, visited last week in the families of his nieces, Mrs. R. Y. Porter and Mrs. Frank Mackie. He had been held up twice in his store in the last ten months and so badly injured both times he had to go to a hospital. Since he came here Mrs. Horn writes that there has been another hold up on their street.

Mrs. Marion Lebow and Mrs. I. N. Dresser were guests in the Mackie home Sunday.

**HERD OF MOUNTAIN SHEEP
FOUND IN DOUGLAS COUNTY**

Although mountain sheep have been declared extinct in western Oregon for many years, a herd of from 17 to 20 of these animals has been discovered in southern Douglas county by W. H. Dirrett, of Albany. The discovery was made less than two weeks ago.

Dirrett has had 23 years' experience with big game in the United States and Alaska. He served as guide for Colonel Roosevelt on his hunting trips in Montana. He is thoroughly familiar with mountain sheep and their traits and has written of his discovery to the state fish and game commission.

Dirrett, accompanied by J. E. Greenman, of Albany, recently spent several days in the Cow creek canyon district. He says that when first sighted the sheep were in scattered herds of four to six, about ten miles north of West fork in Cow creek canyon on the right side of the river and about two miles above the Southern Pacific railroad tracks. Dirrett says that the sheep were moving south and east about half a mile a day and that he does not believe the animals to be migratory. He says there are two old rams in the herd.

Captain A. E. Burghdoff, state game warden, is making a thorough investigation of the report as it has been generally understood for many years that the only herd of mountain sheep is in Wallawa county.

Bicycle Riders Annoy People.

Engine Guard: One of the Eugene carrier boys was called into the office of Recorder King this morning to answer the charge of speeding up his bicycle on the sidewalks, to the annoyance, if not danger, of pedestrians. He was given a warning by the official, along with a few points of information as to the ordinance applying to the riding of wheels on the sidewalks. The ordinance entirely prohibits the riding of bicycles on the walks in the business section, while in the residence districts the walks are supposed to be used by riders only in the daytime unless they have a special license to ride at night. They are required to sound a bell in approaching a pedestrian and to give them right of way where necessary. They must not ride upon any walk at a higher speed than eight miles an hour.
