

A Joyful Christmas and Happy New Year

To our friends and patrons whose help has made our business so successful during the past year we send the season's greetings. May your Christmas be a very merry one, indeed.

F. C. COFFMAN

Why I Claim to Give Better Service

I specialize and devote all my time to your eyes. The lenses are ground exactly to your requirements by myself in my own shop.

The testing is done with the latest and most up to date instruments that are made.

I do not rely on subjective tests (as usually is done) but I also use objective test, which must prove out in harmony. No one instrument and no one method is supreme in optometric work.

My methods require more time to make an eye examination but are correct when finished. It requires time and patience to make a thorough and complete test of each muscle and refraction.

My method is the scientific drugless application of lenses for the aid of vision and relief of eye strain.

For references ask those whom I have fitted with glasses.

STRIKE AT ORPHANAGE BROKEN BY CONTENTS OF HARD CIDER JUG

Genius Develops Humor in Child Tragedy in "Daddy Long Legs," Mary Pickford Film

Humor, with tears that trend upon smiles, is the keynote of "Daddy Long Legs," screen version of the famous story by Jean Webster, in which Mary Pickford will be seen at the Arcade theater today and tomorrow, December 24 and 25. In this first of the productions to be made by her very own company, Miss Pickford, as "Judy Abbott," easily has the best role of her career. As a poor orphan child, ever helping those about her and making the most of cruel treatment, she finally rises to wonderful heights.
