Hogs Pay Big Money

Mr. Pete Wing, of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 2½ pounds daily, and were only 7 months 10 days old when sold."

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer, on a satisfaction or money back offer. d17

Renewed Testimony

No one in Cottage Grove who suffers backache, headaches, or distressing urinary ills can afford to ignore this Cottage Grove man's twice-told story. It is confirmed testimony that no Cottage Grove resident can doubt.

A. Rogers, retired farmer, 706 Chestnut Ave., Cottage Grove, says: "I have taken Doan's Kidney Pills off and on for several years and they have always done me good. I am subject to kidney trouble and at times have difficulty in retaining the kidney secretions. I find that if I take a box or so of Doan's Kidney Pills my kidneys act perfectly normal." (Statement given March 27, 1916.)

On March 27, 1920, Mr. Rogers said: "I know there is nothing better for kidney trouble than Doan's Kidney Pills. They have always helped me when I have had need to use them."

BAN ON DEALINGS WITH SOVIET LIFTED

Washington.—Restrictions on exportation of coin, bullion and currency to soviet Russia, on dealings or exchange transactions in Russian rubles, and on credit or exchange transactions with soviet Russia were removed by the treasury and federal reserve board, acting with the approval of the state department.

The treasury and federal reserve board in announcing removal of the restrictions said the action was taken "to give force and effect" to the decision of the state department as announced several months ago to remove barriers in the way of trade and communication with soviet Russia.

Removal of the final restrictions on trade with soviet Russia, treasury officials explained, in no way means government sanction of commercial relations with that country, but merely gives full effect to the state department's announcement of July 7 that trade would be permitted at the traders' risk.

FARMERS' RELIEF PASSES

Senate Accepts Amendments of House as to Credits.

Washington.—Legislative enactment of the joint resolution directing revival of the war finance corporation as a measure of relief for farmers against falling prices was completed, when the senate without a record vote concurred in house amendments eliminating the section suggesting that the federal reserve board extend liberal credit to farms. The resolution now goes to the president.

The president is without power under existing law "to shut out wheat imports," but he "apparently has certain powers under the Lever act to stop future trading in wheat," the federal trade commission said in a special report to President Wilson, made public at the White House.

The commission said that "while evidence is not available that future trading is responsible for the decline in wheat prices, it does not appear that future trading in wheat, as at present operating, is of indisputable service to the grain trade."
