HOUSTON ASKS FOR TAX ON FARM BONDS

Secretary Holds That Exemption of Land Bank Issues Is Wrong.

Washington.—Withdrawal of the tax exemption provision from farm loan bonds issued in the future by joint stock land banks has been recommended to congress by Secretary Houston on the ground that these banks are organizations of private capital for commercial purposes in which the profits accrue to the benefit of the investing stockholders.
Tax exemptions in the case of joint stock land banks were declared by the secretary to amount to a gift at the expense of the government and taxpayers generally. The privilege, he said, should not be continued with respect to the private mortgage companies, organized for private profit. This is emphasized, the secretary asserted, in this period of high taxes, when the government has established the policy of subjecting its own securities to partial taxation and when the treasury cannot afford to dispense with any of the receipts which otherwise would accrue on account of taxes.
The withdrawal of the tax exemption for the United States from farm loan bonds, however, the secretary suggested, should be accompanied by an increase in the powers of the federal land banks to make any loans now authorized by joint stock land banks in order that there be no curtailment of the financial benefits to agriculture provided by the farm loan act.

During the past fiscal year, the secretary said, 27 joint stock land banks were in active operation, making loans in the aggregate of \$20,262,470 to 3148 borrowers.
To reduce the working force to the basis of a year ago, 15 men in the Southern Pacific railroad shops at Albany have been laid off.
Eighty thousand lambs have been purchased and shipped from Lakeview since September 1 by a sheep-buying concern of Salt Lake city.

On account of the low price of starch and potatoes being scarce at Beaverton, the Pacific Potato Starch company will not operate there this season.
A general farm products show, to be held in Eugene December 13 to 18, is being planned by the agricultural council of the county grange.
State highway bonds in the sum of \$1,500,000 will be sold at a meeting of the state highway commission to be held in Portland November 6.
Within a month an iron foundry will be in operation at Cottage Grove by James Feeney. It will be able to handle a casting up to three tons.
Robbers dynamited the safe in the store of John Hedden, postmaster and pioneer merchant of Scottsburg, and escaped with between \$20,000 and \$30,000.
Rumor has it that 1500 men will find employment in the construction of the railway from Willamina to Grande Ronde before the winter is over.
Marshfield and North Bend American Legion post jointly will observe the second anniversary of Armistice day with ceremonies and entertainment.
Commercial organizations in conjunction with the county court have let a contract for 30,000 booklets to be used in advertising the resources of Coos county.
The county board of equalization has increased the assessment against the four principal corporations operating in Clackamas county by over half a million dollars.
The teacher shortage is not so great this year as it was last year, according to J. C. Almack, assistant director of the extension division of the University of Oregon.
A number of stock raisers at The Dalles are planning on entering thoroughbred stock at the International livestock exhibit which will be held in Portland next month.
Absolute prohibition of Japanese immigration was urged by George A. White, adjutant-general of Oregon in an address to members of the Albany post of the American Legion.
A corn show will be held in the community house in Albany, Armistice day November 11, under the direction of the Linn county farm bureau and the Albany chamber of commerce.
The Salem water supply is pure and was not in any way responsible for the several cases of typhoid fever at present prevalent in Salem, according to Dr. R. E. Pomeroy, city health officer.
The Colton Water company of Colton, has filed with Percy Copper, state engineer, application covering the appropriation of water from Canyon creek for domestic and irrigation purposes. This development contemplates the construction of an eight-inch pipeline, approximately two miles in length.

The pear crop for the Medford district of the Rogue river valley for this season will equal that of last season year, 767 cars, of which up to date 743 have been forwarded to the eastern auction markets. The season's apple shipping crop, however, will only be one-half that of last year's shipping crop of 475 cars.

DOORS OF PORTLAND BOND HOUSE CLOSED

Portland, Or.—The discovery that a large deficiency existed in the affairs of the bond house of Morris Brothers Inc., of Portland, with branches in San Francisco, Seattle and Tacoma, resulted in the institution closing its doors and appointment of a receiver by the federal court.
John L. Etheridge, who recently resigned as president of the concern, was arrested in Minneapolis as a fugitive from justice. District Attorney Evans has announced that steps will be taken to compel the return of Etheridge to Portland to face charges of larceny and embezzlement.
It is reported that more than 1000 subscribers to bonds, aggregating investments of \$2,065,000 were hit by the wrecking of the bond house. These subscribers were holders of the interim certificates, having paid in their money for municipal bonds to the firm without receiving the value.
Besides these 1000 subscribers there are hundreds more as yet unlisted, whose deposits, it is believed, will total \$1,000,000.

MAY NULLIFY LAND LAW

Japan Looking Forward to New Treaty With United States.
Tokio. — Addressing preliminary meetings of the diet here, Viscount Uchida, the foreign minister, expressed the opinion that a new Japanese-American treaty will be concluded leading to nullification of the California land law. He said he expected such action to result from the negotiations which have been in progress at Washington between Ambassador Shidehara and Roland S. Morris, United States ambassador to Japan.
The ambassadors, he said, were making efforts to obtain an understanding with the senate to secure passage of the treaty. He announced that in view of the sincerity with which they are endeavoring to solve the problem, Japan has refrained from protesting against the California law, but that if the negotiations fail a formal protest would be lodged.
