BANISH THE RUBBISH.

Cottage Grove, Ore., May 11.—(To the Editor.)—Much has been said about the beauty of our little city but not much about the surroundings. Take, for instance, the nasty looking mess at the north railroad bridge.

We have a nice little park and have good cause to be proud of our citizens for their support in maintaining it, especially in accommodating tourists.

Banking by Mail

It may not always be convenient for you to come to the bank in person. If not, "Uncle Sam" will do it for you. Deposits may be sent by check, money order, or currency by mail. Your instructions will have our prompt and careful attention.

Make all remittances payable to our order.

We collect checks and drafts without charge.

Your tax receipts are back.

Bank of Cottage Grove

but do we consider those very tourists when we allow a dirty junk pile to be presented to view at the very entrance to our city? Do we give them a very inviting welcome? Why does not some organization like the commercial club or the civic improvement club take this up (now that spring is here) and insist upon the city either having a dump ground in some out of the way place or requiring citizens to burn or bury their rubbish.
