

City Council

Council Chamber, Cottage Grove, Or., July 5, 1921.—Council met in regular session. Roll call, present: Councilmen Allison, Durham, Kime, Mackin, Short, Veatch, mayor, city attorney, engineer, recorder and marshal. Minutes of last regular and three adjourned meetings read and approved.

On motion city attorney directed to attend the meeting of the Telephone Federation attorneys in Portland July 11. Mayor and recorder authorized to sign warrant for city attorney's expense to attend said meeting.

Communications from public service commission and Wm. R. Staats Co. read and ordered filed.

Monthly reports of city treasurer, recorder and marshal read and ordered filed. City marshal reported 5537 linear feet of cement walk built since January 1, and 2328 linear feet of board walk.

City treasurer's semi-annual statement was read and ordered filed. The mayor read a comparative statement of the indebtedness of the city on June 30 for six years, beginning 1916 and ending 1921. It showed a steady decrease of total indebtedness, that of 1921 being \$40,465.31 less than that of 1916.

On motion the treasurer's semi-annual report was ordered published in The Cottage Grove Sentinel and 30 copies of the report printed for the treasurer's use.

Recorder reported owners of nine abutting properties on alley in blocks 4 and 5 had signed for installment payments, 12 had paid or agreed to pay cash, and 2 paid no attention to notices. He also reported finding two undelivered bonds of Issue D. City attorney ordered to have proper entry dealing with these bonds prepared by next meeting.

Bill for work at auto camp ground in city park referred to city engineer for o. k. when doorways of toilet are enlarged, and on motion the recorder was directed to notify the commercial club that the city engineer's o. k. in this matter was to be considered the will of the council.

Water Commissioner Pitcher reported samples of water sent to state health board. Matter of metering the water at several large users referred to water committee and water commissioner to take such action as they deem advisable.

Report of viewers in condemnation proceedings for Pacific highway right of way finding damages for Frank Pleuard in the sum of \$197.95, was on motion accepted and recorder directed to notify Mr. Pleuard of action of council and that amount awarded would be paid in 30 days.

Report of engineer on sewer in alley south of Shields' addition deferred until next meeting. City attorney directed to have building ordinance at next meeting. More time on report on drainage at Standard Oil Co.'s plant was granted street committee.

Street committee reported on M street and recommended that matter be referred to city engineer. It was so ordered. Repair of west Main referred back to city engineer to investigate and report.

City attorney stated that no private electric company would be allowed by the public service commission to enter the city in competition with the established company without permission of the commission, but that the prohibition did not apply to city-owned plants.

Motion by Councilman Durham that the city attorney prepare the necessary papers to submit to the voters at the coming special election the issue of installing a municipal light plant, the amount of bonds to be determined later. Roll call—Yes: Allison, Durham, Mackin, Short and Veatch (5); No: Kime (1). Motion declared carried.

Homer Galloway, salary, stamps	25.80
W. P. English, Pacific highway right of way	50.00
H. A. GALLOWAY, Recorder.	

FOREST SUPERVISORS ARE NOW HEALTH OFFICERS

By an agreement just signed by District Forester George H. Cecil and Frederick D. Stricker, state health officer of Oregon, the forest supervisors in the state of Oregon have been appointed as deputy state officers.

This agreement applies only to the forest supervisors who are the officers in charge of the national forests, of which there are fourteen in Oregon. This agreement does not apply to the forest rangers or other field officers. The forest supervisors will board in enforcing the sanitation laws of the state within the national forests, and will serve without pay. The duties of the forest supervisors under this new agreement are to report unsanitary

conditions and violations of the Oregon health laws occurring within the national forests; to advise violators or what the state health laws are, and if such violations are continued, to report such conditions to the state health officer.

The forest officers under existing federal rules are required to protect and keep pure so far as they are able the domestic water supplies of towns, cities, and camping places, and to prevent the accumulation of filth and unsanitary practices in the forests that may be injurious to the public using the national forest areas.

With the greatly increasing use being made of national forests by the public for recreation, forest officers state that the necessity of enforcement

COMMISSIONER FINDS WAGES ARE FALLING

Licensed employment offices in Oregon, for the first six months of the year 1921, placed in positions a total of 20,282 persons, as against 52,900 persons in the same period in the year 1920, according to a report prepared by C. H. Gram, state labor commissioner.

The report also shows that wages have decreased materially the past year, and carpenters, who in the year 1920 were receiving \$7.14 a day are now being paid \$6.18 a day. A similar reduction is noticeable in all other professions covered in the report. The comparison of wages is based on averages and does not apply to compensation received by the workers in any particular section of the state.

A comparison of the daily wages commanded during the month of June, 1920, and the month of June, 1921, follows:

Carpenters	1920	1921
	\$7.14	\$6.18
Teamsters	5.08	3.62
Head fallers	7.12	4.73
Second fallers	6.71	4.50
Laborers	4.96	3.32

Comparison of wages paid on the monthly basis during June, 1920, and June, 1921, including board, follows:

Camp cooks	1920	1921
	\$137.09	\$97.80
Dishwashers	77.25	53.60
Farm hands	73.62	44.60
Milkers	88.33	59.00

MORE RECREATION AND LESS WORK IS ADVOCATED

Both grown ups and children should have more pleasure.

Necessity for more recreation and less work for children in rural districts, was emphasized by Dr. Henry S. Curtis, well known orator and playground supervisor who recently visited the O. A. C. campus.

Oregon and 27 other states have passed laws for playground work which are only enforced in cities, the speaker pointed out. These laws must be enforced in the rural districts, he declared, so children living in the country may have the same advantage as the city children.

"The long hours of country life," said Doctor Curtis, are fast going. A farmer will have more time for recreation. Farm wives and children need more time for recreation than they have been getting.

"It is a tragedy that the children are disappearing from the farm and that they are not learning to love the beauty of our country. The city child is an expense until 21 years of age, while the country child is self-supporting after the age of 10 or 12."

"Every home with children ought to have a sand pile for them to play in the first few years of their life. Provisions should be made for athletics in rural schools, for the country boy though stronger than the city boy is not better in athletics."

"The country schools have a great responsibility to get the children to like the country, but they can have everything in the country that they have in the city and it is largely up to the teachers in rural schools to give them the start."

COUNTY SPEED COP GETS GOOD RESULTS IN FINES

Lane county's "speed cop," who has been on duty since May 21, has brought results that have much more than paid his salary, according to a report of his activities handed to Sheriff Fred G. Stickels last week.

During the month of June, according to the report, the officer has arrested 16 persons for speeding on the highways and these have paid fines aggregating \$153.10. Four were arrested for failure to have rear lights on their cars, and their fines amounted to \$35. One was fined \$20 for speeding and having no license plates; two were fined \$115 for having improper licenses, and one was fined \$10 for having no license. The total amount of fines collected during the month was \$333.10. Two persons in addition were arrested for speeding and fined \$10 each, but sentence was suspended.

During the ten days in May, nine persons were fined \$105 for speeding, one was fined \$10 for having no license, two were fined \$65 for having improper licenses and two were fined \$40 for speeding but sentence was suspended. The total amount of fines for the 40 days was \$513.10.

ment of the federal and state sanitation rules becomes imperative, for there are still careless campers who not only do not put out their camp fires but who leave at their camping places tin cans, rubbish and filth, all of which is a menace both to the public and to the forests. Forest officers urge compliance with the well-known slogan of the Mazamas, "Leave a clean camp and a dead fire!"

Marriage Record Broken.

June, 1921, was a record month in the office of County Clerk R. S. Bryson for marriage licenses, 78 couples having been granted permits to wed during the month. The number issued in June, 1920, was 58 and in June, 1919, 35, according to the records of the clerk.

C. of C. Campaign Continues.

The membership campaign of the chamber of commerce will be continued indefinitely, though in an intensive manner, the board of directors having instructed Manager Miller to organize such a campaign.

Neighborhood News

DORENA.

(Special to The Sentinel.) July 14.—Mrs. Jennie David, of Portland, spent several days of last week visiting at the home of her parents, Mr. and Mrs. W. W. Chrisman. Mr. and Mrs. Stanley Damewood spent Thursday night with friends at Row River.
