

ARCADE THEATER WEEKLY PROGRAM

Fri.—"Tom Moore in "Lord and Lady Algy." He staked his life, his love on a horse. It is a romance of racing that will take you out of yourself. It is the greatest Tom Moore picture ever produced.

Eddy Polo in "King of the Circus," chapter 18, the last and final finish of Eddy Polo. Don't fail to see the ending, and how he won out and came in possession of the circus.

Sat.—"The Band Box," by Doris Kenyon. From the famous novel by Louis Joseph Vance.

Snub Pollard in "Live and Learn."

Sun.—"The Misfit Wife," by Alice Lake.

Hoot Gibson in "The Grip of the Law."

Mon.—"Hearts of the West" by William Fairbanks. "Hearts of the West" is a story of men, in the full meaning of the

word; of the struggles of the early pioneers and gold seekers, when the law of the land was the six shooter, when the survival of the fittest meant the quickest on the draw. "Hearts of the West" stands head and shoulders above the average western picture in that it contains not only dare devil stunts and fast action, but is a story with a real plot, full of romance and gripping scenes.

Comedy, "Vamps and Seamps."

Tues.—Wed.—"Nomads of the North." Another James Oliver Curwood story, featuring Betty Blythe, Lon Chaney and Lewis Stone. What you will see: Mountain lions, wolves, bears, wild cats, all the wild beasts of the wild fleeing before the great forest fire, in "Nomads of the North."

Thurs.—"A Lady in Love," by Dorothy Dalton.

HARDING HONORS PILGRIM FATHERS

"Executive Makes Address at Tercentenary Celebration at Plymouth.

Plymouth, Mass.—A hope that the disarmament conference called by the United States may bring to the world a new era of peace and freedom was expressed by President Harding in his address here at the ter-centenary of the landing of the Pilgrims.

Characterizing the international situation as "more than promising," the president asserted that "the seed of common tolerance and understanding planted by the fathers here was beginning to bear fruit a thousand-fold in the relations between nations."

In the course of his speech, Mr. Harding praised particularly the part religious freedom and other New England traditions had played in development of the nation. He also took occasion to deplore the common tendency to concentrate governmental authority in Washington and to reaffirm his faith in religion as an essential element of good government.

The president landed at 10:55 Monday from the Mayflower within a few yards from the spot where 300 years ago the Pilgrim Fathers landed.

With martial airs and formal salutes the president and Mrs. Harding wended their way past the historic spots of the town at the head of a procession honoring the Pilgrim Fathers.

RUSSIA AGREES TO FREE AMERICANS

Riga.—Soviet Russia has agreed to release American prisoners and to accept famine aid from the American relief association just at the moment Joseph I. France, senator of Maryland, has returned here from Moscow determined to advocate renewal of trade relations and perhaps diplomatic relations between Russia and the United States, and bringing with him one of the prisoners, Mrs. Marguerite E. Harrison of Baltimore, who was freed by his efforts.

Senator France, who entered Russia skeptical of the advantage of immediate diplomatic relations with the soviet but believing trade relations were advisable, has returned an enthusiast for both.

"I found that the Russian government is handling the situation in a statesmanlike way," he said. "Lenine is much interested in American relations. Russian factories have not all ceased operating; many are working well. They are short of raw material. Farms are prosperous where they are not in the famine and drought belt."

EXPORTS GET \$63,471,700

War Finance Corporation Issues Statement of Money Lent.

Washington, D. C.—In summarizing the export financing handled since the resumption of activity last winter, the war finance corporation showed in a statement just issued a total volume of business of \$63,471,700.

Of this sum, the corporation said \$32,896,700 represented advances already approved, while the remaining \$30,775,000 represented business in process of negotiation, of which 93 per cent covers agricultural commodities.

Business under negotiation, including wheat exports, the corporation said, represented an application from cooperative associations in the northwest for an advance of \$7,500,000 on 10,000,000 bushels.

Plan for Railroads Embodied in Bills.

Washington.—A bill to carry out the president's plan for funding the railroad debt to the government and extending assistance to the railroads through the war finance corporation to the amount of \$500,000,000 was introduced in the senate by Senator Townsend (R., Mich.) A similar bill was introduced in the house by Representative Winslow (R., Mass), chairman of the house interstate commerce committee.

Relief for Russia Started by Hoover.

Washington, D. C.—Preparation for the relief of starving Russian children was ordered begun by Secretary Hoover, as chairman of the American relief administration, on receipt of a cable from Maxim Gorky transmitting the soviet authorities' unconditional acceptance of his offer of aid.

Idaho Railroad Authorized.

Washington.—The Idaho Central Railroad company was authorized by the interstate commerce commission to construct a railroad from Rogerson, Twin Falls county, Idaho, to Wells, Elko county, Nevada, a distance of 90 miles.

What Are the New Styles for Fall Like?

How can an afternoon dress be made prettiest—a cloth one-piece frock, the smartest—a wee school dress more cunning? Home dress-makers may take a peep into fashions ahead through the new McCall fashion quarterly for fall. As early as this—you may plan your wardrobe for fall and winter, for McCall fashion designers are in touch with the newest style ideas months in advance, and McCall designs—in the new fall quarterly—have the same lines that you will see in admired ready-to-wear models.

We are in receipt of the fall and winter sample book of M. Born & Co. made to measure

Men's and Boys' Suits

NELSON LEWIS HOME AT DIVIDE IS DESTROYED BY FIRE YESTERDAY

The Nelson Lewis home at Divide was completely destroyed yesterday by fire, thought to have originated from a defective chimney, and which was discovered shortly after noon. Mr. Lewis was away from home when the fire started. He returned shortly afterward, but the flames had attained such headway that it was impossible to save the house. Assisted by the women of the household, who were at home, and by neighbors, Mr. Lewis succeeded in rescuing about one-third of the household goods, but two other buildings, one a new wagon shed, together with their contents, comprising practically all the farming machinery, were burned. The amount of the loss had not been estimated at the time of going to press. There was no insurance.

Ring us up and give your items. ...

You can save if you try. No matter how small the amount may be, if persistently made, it will soon accumulate to a large sum. Step in and let us explain to you how this institution can be of service to you, no matter whether you are a business man or an ordinary laborer. This bank is a bank for all the people—rich and poor, men, women and children.

NEW LANDLORD OF THE LONDON HOTEL ARRIVES FROM CANADA

Mr. and Mrs. N. S. Hays, accompanied by their son, N. B. Hays, and his wife and little daughter Grace, arrived Wednesday from Calgary, Alta., to assume charge of the London springs hotel, which Mr. Hays purchased several weeks ago.

Mr. Hays announces that the bottling works at the springs will be put in operation in the near future. The Hays are delighted with the Cottage Grove country.

OREGON'S GOLD OUTPUT IS IN EXCESS OF LAST YEAR

Washington, D. C., July 25.—Oregon mines sent more than twice as much gold and silver to the smelters and refineries at San Francisco for the first six months of 1921 than during the same period in 1920. The receipts at San Francisco from Oregon in the first half of 1921 were \$261,602 in gold and \$3762 in silver, an increase of \$156,798 in gold and \$2017 in silver over the receipts for the first half of 1920, according to the U. S. biological survey.

The most striking development in Oregon in 1921 was at the Boswell mine in the Holland district, in Josephine county, about 45 miles southwest of Grants Pass. The workings are only about 70 feet and run less than 100 feet horizontally on a deposit from two to four feet wide, but the mine has yielded \$80,000 in gold.

The Homestead Iron Dyke mine, at Homestead, Baker county, which had lately been yielding about 25 per cent of the total metallic output of the state, has now been closed for some months. This mine has a 100-ton flotation plant. There has been some output from the Buffalo Monitor but none from the Highland. The Eureka and Excelsior (Bourne), on Cracker creek, in Baker county, continues to run its 20-stamp mill and flotation plant, and the 20-stamp mill and cyanide plant of the Cornucopia mine, in Baker county, remains in operation. The Ben Harrison, at Granite, Grant county, closed its 125-ton flotation mill last October owing to labor conditions. The Alameda Mines company, Josephine county, is idle. The Gold Ridge, of Medford, has purchased a 10-stamp mill and has recently uncovered a ledge of good ore. Work on the Millonaire, near the Gold Ridge, has been resumed. At Gold Hill the Bertha, Kubla and Red Oak mines are being reopened, but the Ashland, Opp, Bra-
