

Service

means our detail attention to our customers.

I have the most scientific eye testing instruments in the optical field today.

My method of vision examination is used and endorsed by the highest authorities in the profession.

My work combines that of the Optometrist and Optician. I prescribe, grind and fit my own glasses.

The responsibility is mine, the comfort and satisfaction is yours, my glasses are right by the most careful and exacting test to which your eyes can be put.

SUBSCRIPTION OF \$7500 IN ROAD BONDS IS ASKED

A further subscription to bonds for the improvement of the Lorne road is being asked. The county court has agreed to put the road in shape so that its road machinery can be used on it if bonds to the amount of \$15,000 are purchased by those interested. It is understood that Lorne has subscribed half that amount and that the business interests of the city are asked to subscribe the other \$7500. It is necessary to put in the culverts and bridges and grade around the canyons before the county's caterpillar and road machinery can be put on the road.

The Sentinel wants the news. ***

RIGHT IN THE STOMACH

That's the place for a solar plexus. That's what we are giving old High Cost o' Living and that's right where our meat goes to—the proper place for both.
