ELECTRIC LIGHT & AEARING IS UP OCT. 7

Public Service Commission Is Coming Here to Consider Company's New Tariff.

The public service commission will hold a session here Friday, October 7, at which time the new thriff of rates and regulations filed several months ago by the Cottage Grove Electric company, will come up for considera-tion. The session will be held in the chamber of commerce rooms and will

start at 10 o'clock.

The tariff filed by the company is an emergency one which became of fective without a formal hearing by the commission, but under the regula-tion under which the tariff became effective the company will be ordered to return to consumers any amount collected on the tariff over and above what the commission may find to be a reasonable and just charge. The fair ness of the new regulations contained to the tariff also will be decided by he commission.

The new tariff being an emergency one, it is probable that the commission will set the length of time during which it may remain in effect and will set rates to become effective at the time the tariff now in effect becomes

PORTLAND COUPLE TRAVEL IN MOTOR CAR DE LUXE

What was a real motor parlor car de luxe passed through the city Sat-urday, being the traveling home of Mr. and Mrs. H. C. Mattox, of Portland, who visited briefly with the E. J. Schofield family. The bed was in Pull-man style and opened to the outside in regular sleeping porch style. Every available particle of space was used, but every article served one or two purposes, so that inside the car was a comparatively commodious living room.
Seats, tables, etc., all served as storage erceptacles. The lavatory was outside on the rear of the car.

Mr. and Mrs. Mattox had no partic-

ular destination. They had fixed up to enjoy themselves on the road and left their destination to be settled on the way. They moved south from here.
