WEATHER ERRATIC AND SO ARE CROPS

Phenomenal Heat Aids Farm Outputs, But Frosts Damage Fruit.

Washington, D. C.—Phenomenal heat accumulation, which has marked weather conditions all over the northern hemisphere this year, has produced equally remarkable and erratic outputs of agricultural crops, according to summaries of American and foreign production compiled for and by the agricultural department.

The world's bread crops came to abundant fruition, in spite of drouth and heat during the growing season. The world in 1921, up to September 30, it was indicated, would have a total wheat crop of 157,000,000 bushels greater than in 1920.

By another freak, fruit crops, almost in a world-wide sense, met havoc from cold in a season which has set new records everywhere for solar heat.

The paradox was occasioned by the fact that last February the sun got at its work of bringing spring weeks in advance of normal, and trees and shrubs responded by budding out and finally coming into flower and bloom by March in nearly all areas where fruit is grown.

Frosts could not be averted on all the nights, however, and this year the United States will produce about 109,000,000 bushels of apples, against 244,000,000 bushels in 1920. Only the orchards of the Pacific coast, northern New England and northern New York escaped.

KU KLUX PARADERS AND POSSE CLASH

Waco, Texas.—The 54th district grand jury here will investigate the clash last Saturday night at Lorena, 14 miles south of here, between 50-odd knights of the Ku Klux Klan paraders and a sheriff's posse, in which Bob Buchanan, sheriff of McLennan county, was dangerously wounded, and eight other men severely injured.

Following a meeting with the county attorney, a delegation of Lorena citizens drew up a resolution, signed by 200 persons, placing blame for the clash on the sheriff.

The clash took place when Sheriff Buchanan with Deputies Burton and Wood attempted to disperse the marching klansmen, masked and robed, after, according to the sheriff, they had refused to divulge their identity. He had agreed to permit them to parade, he said, if they would allow him to identify those participating.

BASEBALL RIOT IN SEATTLE

Spectators, Umpires, Detectives and San Francisco Team Take Part.

Seattle, Wash.—More than 1000 fans, a number of the San Francisco baseball players, three umpires and five detectives were engaged in a free-for-all fight on the Coast league ball park last Saturday afternoon, following an assault on an umpire by a disgruntled San Francisco player.

The fight started in the last half of the sixth inning, when Dee Walsh, the Seal second baseman, was put out of the game for throwing his bat at the grandstand after being struck out by "Stubby" Mack, pitcher of the Seattle team.

The fight that ensued involved the San Francisco players, three umpires, five policemen and more than 1000 fans. A battle royal followed in which blows were struck indiscriminately against friend and foe.

German Reichstag Ratifies Treaty.

Berlin.—Approval of the peace treaty with the United States was voted by the reichstag. Debate on the bill ratifying the treaty was dispensed with by agreement of all the parties except the communists, and thus but a few minutes were required for the proceedings when the treaty was reached on the calendar.
