# COTTAGE GROVE, LANE COUNTY, OREGON, FRIDAY, OCTOBER 28, 1921

Increase in Assessed Valuation Probably Will Result in a Decreased Tax Lexy.

The budget for city expenditures during 1922 is lower by about \$200 than the levy made a year ago for 1921. But for the large sum that had to be provided for pavement of Ninth, Fifth and south Lane streets, the levy for next year would be decidedly lower. As it is, thanks to an in-creased assessment total, there prob-ably will be a reduction of three mills for city purposes. The budget committee completed its

labors at a long session in the city hall Monday night, and the budget as completed will be published two weeks in The Sentinel prior to a public meet-bag of taxpayers to be held in the high school auditorium on Friday night, November 25, at 7:30 o'clock.

After that meeting the city council, as the levying board, will proceed to "make, determine and declare" the amount of taxes to be levied, and report same to county officers for enter-

ing on the tax roll. The total budget for the coming year is \$37,409.96, from which is to be subtracted estimated receipts of \$16,700, leaving a total to be raised by taxation of \$20,709.96. Last year' evy was \$20,900.

The budget totals for the various funds are \$7299.96 for the general fund-this year it was \$7800; for the street fund \$9335, an increase of \$1335 over this year; water fund \$14,000 (this includes payment of all water bond interest and \$6000 on principal); \$1550 for sewer fund, including interest on sewer bonds and \$750 additional to the sinking fund; \$700 for library, \$425 for park, \$3600 bond and warrant interest fund; and NEW PAVEMENT OUT OF \$500 in the emergency fund.

Bids for the paving of Pacific high-way into and through the city were opened Tuesday by the state high-way commission at Portland and by the city council here. A contract for the work will not be let by either party until after a conference, as the city and highway commission are co-operating in the work. The only bid submitted to the city was by the Blake-Compton company, which had the contract north and south of the ity the past year.

Coach Hargreaves' Aggregation Upsets Dope and Hands 7 to 6 Defeat to "Speck" Keene's Bunch.

Coach Hargreaves' football crew of the Cottage Grove high school seems to be rather a hard nut to crack. In a hotly contested game here Friday afternoon of last week they won from "Speck" Keene's bunch of the Cor-vallis high school 7 to 6 and car-ried the fight to the enemy at all times, but especially in the last half, when the ball was in Corvallis territory nearly all the time.

in the first few minutes of play, but missed the goal. Cottage Grove re-taliated within the next few minutes by completing a 30-yard forward pass, Skilling to Hinkle, who raced over the goal line for a touchdown. Skilling's educated toe kicked the goal, and that ended the scoring with Cottage Grove one point to the good.

The remaining three quarters resolved themselves into a fierce struggle, with Cottage Grove having the best of the going most of the time, two more touchdowns at least being lost as the result of fumbles. Only once, in the last quarter, did Corvallis get close enough to try for a field goal, but Cottage Grove smothered the play and the kick went wild. Lusk and Hinkle starred for Cottage Grove.

This is a cooperative job between the bureau of public roads, the state and Lane and Deschutes counties.
