Continued open weather, with ordinary summer temperature, has ordered the strawberry plants in the southern coast section overtime, and grocery stores in many sections of the country are still displaying strawberries for sale every day of the week. Such reports come from all the towns. The quality of the berries is said to be quite as high grade as in the summer time.

Heavy marketing of a comparatively light crop of potatoes is an outstanding feature of the November crop report of the United States bureau of markets and crop estimates, released by F. L. Kent, Oregon statistician. The Oregon potato crop estimate declined during the month of October and the 1921 production is now placed at an average yield of 90 bushels per acre on 43,000 acres, or a total of 3,870,000 bushels.

Salem hop dealers received a telegram from the Cunard Steamship company to the effect that English authorities had issued an order permitting the export to that country of half of the hop contracts held here. Tested Recipes

Banana Pudding.

Dice six bananas and mix with them half a cup of stale cake crumbs. Thicken a pint of light cream with a heaping tablespoon of arrowroot. Sweeten it to taste, add a little vanilla flavoring, lightly cool it, then mix with the fruit and crumbs and turn into a buttered baking dish. Bake 20 minutes and serve with cream, hot or cold.

Vegetable Soup.

One-half chopped carrot, one-half cup chopped turnip, three-fourths cup chopped celery, 2 cups cut potato, one-half cup chopped onion, 3 pints boiling water, one-half cup of butter or substitute, 2 tablespoons finely chopped parsley. Salt and pepper to taste.

Wash and peel vegetables and chop coarsely or cut in small pieces; the latter is the better method for potatoes and celery. Measure vegetables after cutting. Mix carrot, turnip, celery and onion, and cook in butter 10 minutes or until butter is absorbed and vegetables are turning yellow. Add potatoes and water and cook an hour or more; the vegetables should be quite soft. Add salt, pepper and parsley. Serve boiling hot.

Braised Knuckle of Veal.

Wipe knuckle of veal with a clean, damp cloth. Crack bone so that thick part will not be broken and so that thin part will be broken several times. Brown thick part in beef drippings or any fat desired. Place one cup of sliced onion, one-half cup diced celery and one cup carrot cubes in a baking dish. Place browned meat in the vegetable. Dust with salt and pepper. Add one and one-half cups water, cover closely and cook slowly two or three hours. With the thin part of the bone make a soup stock for use on another day.
