Jonathan Williams • March 2022

Amid the pandemic, what has your business learned?

It's hard to believe this month marks two years the Columbia-Pacific, like the rest of world, has felt the impacts of the coronavirus pandemic.

Businesses — and their owners and employees — have been stretched thin.

As endless and exhausting as this period of time has felt, people have been resilient. Innovative. Bold.

In April's issue of Coast River Business Journal, we'll feature your responses on how you overcame challenges at your business

during the pandemic.

How did your business change to meet the moment? Were there things you did differently, expanded on or stopped doing? Are their employees or others who went above and beyond to help your business?

We want to hear about it. To be included in the feature, email your comment of no more than 250 words to editor@crbizjournal.com with your name, title and the name of your business.
