

## Toledo Thursday Market

No longer called the Waterfront Market due to a slight venue change, the new market will go through the summer at Memorial Field, located at NW A Street and Industrial Way, from 10 am to 3 pm each Thursday.

"The vendors are very happy with the change," said Kathy Crane, director of the Toledo Chamber of Commerce. "We're closer to the road, more visible and have an easier parking experience so we're getting more foot traffic. If the vendors are happy, we can continue to have a market that people will enjoy coming to."

With the cancellation of the Waldport Wednesday Market, this is the only mid-week option, and includes farmers from the Toledo and Siletz area with plant starts well suited to the inland environment.

"We have so many markets in the area," Crane said. "We knew we couldn't compete with them, but we also wanted to give people an alternative if they can't make it on the weekend. We hear from a lot of visitors that they appreciate it, because they plan out their weekends and then don't have that much to do during the weekday."

One of the largest markets on the central coast, the Newport market will operate a staggered schedule of vendors so that booths can stay a healthy distance apart from each other. Visit the market Facebook page to see which dates your favorite vendors will be in attendance.
