

Generals, Madison engage tonight

Similar strengths and contrasting weaknesses will provide the drama when the Madison Senators host the Generals in a clash of football powers tonight at 8 o'clock.

Like the Generals, a strong backfield, good ends, and 19 returning lettermen are Senator merits, but lack of adequate size and speed will dim their hopes.

Stalwart Senator backs include Gary Johnson and Terry Houck, who rushed for over 1,000 yards last year. Quarterback Dave White will pass, sometimes to halfback Jim Poston.

Ends Bob Baxter and Bob Hoffman are fine receivers and 210-pound tackle Tom Nielson and center Dennis McGhean are other top linemen.

Madison fell to Benson, 14-7, in last week's opener. The Senators scored in the first quarter on a 65-yard

punt return by halfback Gary Johnson, but never scored again.

Not only will Madison be trying for its first win of the young season, the Senators haven't halted the Generals' drive for 3 years. We won 13-7 in 1963, 14-0 in 1964, and 27-14 last year.

Bob Ewen will remember last year's Madison game, when he scored 3 touchdowns on his way to the league scoring title.

Playing comeback football at Franklin, the Generals had to put together a patented 18-point fourth quarter to stop the de-

Spikers ready for cross country meet

Another season of 2.5 mile races will begin when the cross country season opens Wednesday.

Cleveland, Benson, and Jefferson high school teams will invade the course set around our school, park, and the bowl, in an effort to end General mastery over the schools who have yet to defeat Coach Mark Cotton's teams.

To warm up for the meet, Coach Cotton's aces will run a 1.8 mile intra-squad race today.

Runner to watch in the race should be Benson sophomore Mike Hann, who as a freshman won the state 2-mile title. Cleveland is expected to run well.

fending city champions, 24-13.

Behind 13-0 at half, the Generals exploded behind Onia Bates, who zigged 64 yards for 1 touchdown and then zagged 71 yards for another. John Pachot scored on a plunge and Bob Ewen also hit paydirt to round out the scoring.

Offensive standout Bates ripped 188 yards in 11 carries, an amazing 17 yards per try, and snagged a pair of passes to account for 240 of the Generals' 446 yards.

"Grant's defensive line was really tough," moaned Quaker head coach Gale Davis. Strong defense has bolstered the Generals for the past 3 seasons.

Now that the Generals are off on the right foot after their comeback victory over Franklin, we think it's about time we pointed out a few staggering facts concerning Grant football mastery.

Over the past 3 years, the Generals have 2 city championships, 1 state title, and have fallen to second once. No team has defeated us twice and we have recorded 8 shutouts in 26 games. Actual won-loss record is pretty hard to believe. In those 26 games, we have compiled a 24 win, 1 loss, 1 tie mark. And as a class, this year's seniors are 15 wins, no defeats, and they claim the city junior varsity scoring record.

Defense has been a main staple in the success story. Only 218 points have been scored against us, less than 10 per game.

Offensively, we have "rolled that score up to the sky" to the tune of 454 points, over twice our opponents' and an average of about 18 points a game.

Never a school to discriminate, we have trounced everyone in the last 3 years. Franklin handed us our only defeat, and we have been particularly hard on Roosevelt and Washington.

Colonial players will be out for revenge this year. In 3 years we have ravaged them at 118-13. The Roughriders got off a little easier, we have only totaled 84 points, but between those two schools nearly half our 3-year point total has been amassed.

Following the Franklin game it was easy to see that spirit and pride are certainly not lacking, so we can probably look forward to another successful season. And the players are reminded that they are not just individuals by the sign in the locker room.

PRIDE

Pride in yourself,
Pride in your school,
Pride in your team.

PHYSICAL EDUCATION students rest on side of pool after warm-up drill. Swimming is held every other day in gym classes for the first time. The pool is being rented on an experimental basis from the Park Bureau.

Netters prepare for tennis tourney

The Portland high school fall tennis championships will open Monday, September 19, here and at the Benson high school courts.

All boys' singles and doubles will be held at the Buckman courts, while the girl netters will vie at the Grant courts.

After the conclusion of the varsity competition, the junior varsity is tentatively scheduled to start on September 26.

All those participating in both varsity and junior varsity are required to report for the drawing of their first-round opponents at 4 p.m. on the first day of competition. Those failing to do so will automatically lose by default.

Tennis coach Dan Robinson said he was unsure of who would be representing Grant this year. The Generals, however, could pose a formidable threat with Greg Matthews in the singles and Steve Dole and Dan Pitman in both the singles and doubles.

All contestants must wear white clothing, tennis shoes, and bring two new tennis balls.

A Public Service Message For Informed People

We know you, Mr. Right: You're the leader who always has the latest word on the whole scene. And the truth is—we need you on our side. Reason? Well, let's face it tiger, the continuous combustion engine has a poor history among thinking people. That messy mixing of the fuel and the engine lubricant was just about that primitive, as was the inferior performance and billowing stench from the exhaust. Why, Perry Como couldn't keep cool in the midst of all that!

But, heads up people, times have changed! Please take note, for we know how great your group's influence is on "right" thinking.

What we are saying is simply this: When you buy your sportcycle, Think YAMAHA! Why? Because the mouse has ROARED. No more hard starting, messy mixing, billowing exhaust or ring-a-ding sound. Just a snarling tiger that will nip a Honda's head off with one bite. Impossible? Not since our integral oil injection or tuned exhaust started to reap the advantages of Continuous Combustion and Roller Bearing Crankshafts.

So, come on out and let's get with that technical talk you men really need. We have the Facts, the Price, the Warranty, the EVERYTHING!

Don't find out at the stoplight, find out at
