

### Cogill Comments

by Gary Cogill

Hoping to get as much enthusiasm out of the student body as they can, the girls' and boys' swim teams have been publicizing their swim meets as much as possible and if the students of Grant would cooperate, they would benefit greatly.

This year's team could be termed as one of the best ever. They have been working hard to draw crowds to their meets. They have put in numerous announcements and made posters and signs to help their cause, but so far the reaction has been dim.

There is no reason whatsoever for turning down such a deserving group as the swim team. Their meets are all held in the Grant pool and bleachers and heating are provided for the spectators.

It is too bad when a group works as hard as they do to gain support, and only a small group of people (mostly parents) show up to watch them.

Upcoming in their events this year is the city meet and both the boys' and girls' teams are very much in contention.

## Wilson depth sinks tankers; team hopeful of city meet win

"I felt our boys did a good job, but a couple of bad breaks cost us. We didn't have the depth to compensate," exclaimed Carl Rubin, swim coach, following the Generals' 45-31 loss to Wilson last Monday.

**THERE WERE** some bright spots for the G-men, though, as Mike Phillips continued his unbeaten ways, by winning the 100 yard breaststroke. Mike also won the 200 yard individual medley event.

The medley relay team of Darryl Pape, Mark Powell, Jeff Pittman, and Phillips was also victorious. They bettered their best time of the season in doing so.

**JUNIOR RICH MILLS** captured second place in the 100

yard butterfly event. In the 100 yard backstroke, Darryl Pape was nipped at the finish and had to settle for second place.

Coach Rubin cited Rick Wiedmaier as turning in an "exceptional performance" as he took a second place in the 100 yard breaststroke, behind Phillips.

The Generals' hopes for winning the upcoming city meet are anything but bleak. Mike Phillips is a logical choice for the breaststroke title. The medley relay team also looks very strong.

Mr. Rubin isn't certain in which events some of the boys will be swimming, yet, but with some good performances the G-men could win it.

**VARSITY CROSS COUNTRY** runner Don Johnson leaps over a mud puddle, on his way to a third place finish in a recent meet at Grant. Teammate Greg Schukart, who placed sixth in the race, pursues.

## Generals suffer first division loss; tonight's game decides division title

Last Saturday proved to be fatal for the Generals when they lost to Wilson, 21-0; but a win tonight would ice a division title for the Generals and put them in the city championship.

Tonight's game with Marshall could prove to be one of the toughest games yet. They have an outstanding running game with Jeff Toberg, as their leading scorer.

In last week's game, the Minutemen rolled up 311 yards rushing and didn't throw a pass the entire game. Although they didn't pass in that game, according to the coaches they are very capable of it.

Ever since Marshall started their athletic program, they have not beaten Grant in football on the varsity level.

Marshall now stands in last place in the Green division with a 1-3 league record. Their overall record is much better and that stands at 4-3.

In last week's action the Generals couldn't muster together enough offense to get on the scoreboard. Wilson jumped off to a quick start, and led 14-0 at halftime. Hoping to get a score as quickly as possible, the varsity gridgers went to the passing game but were repeatedly intercepted or stopped short of their drives.

## Varsity runners win city meet; secure berth in regional test

by Steve Johnson

The Varsity cross country team put together a power display, as they captured their third straight PIL title, by 21 points over second place Lincoln, last Friday. The Generals will now run in tomorrow's regional meet at Lake Oswego Municipal Golf Course.

**THE G-MEN** scored 42 points, Lincoln had 63, Madison 80, and Wilson 88, in the meet held at Fernhill Park.

Junior Scott Jackson spearheaded the victory surge with his second straight individual title. Scott finished the 2.5 mile course three seconds ahead of Lincoln's Dave Wienecke.

**AS FOR** the rest of the seven-man team's performance, Coach Mark Cotton summed it up this way, "Everyone had their best race of the year." This was apparent, as the times of all seven G-men in the race were better than the number five man running for any of the other eight teams in the meet.

Don Johnson ran a steady, consistent race and easily bagged third place honors. Greg Schukart, displaying a tremendous

finishing kick, passed a man right at the finish line to claim sixth place.

**SENIOR JEFF KLEIN** finished the race in 14th place. Frank Wall took 18th place in the race. Placing 21st and 23rd, respectively, were Scott Bailey and John Othus.

Tomorrow the G-men will get another shot at powerful Lake Oswego in the regional meet. The Lakers won the invitational meet here, on October 18. The top four PIL teams will meet Lake Oswego, Tigard, and West Linn.

Franklin won the Junior competition with 32 points. The Grant squad scored 68 points and third place Wilson collected 73. Don Levine and Courtney Huff, both sophomores, placed third and sixth, respectively, in the race.

The Sophomore squad was beaten by Madison, with 34 points, as they amassed 52 points. Mark Johnson ran his best race and captured seventh place.

The Freshmen were nipped by five points, 50-45, by Cleveland. Chris Barrett led the Privates as he placed sixth.
