

briefs

Grad deadline

Petitions for graduation must be in the registrar's office, in the Community Center, by May 1. Blank petitions may be picked up at the admissions window or in the counseling department.

Water deaths

A conference designed to educate the public toward preventing the large number of unnecessary water related deaths will be held at Mt. Hood Community College on April 29.

The Prevention of Water Deaths Conference will be in the College Theatre from 9 a.m. to 5 p.m. and costs \$15.

For more information contact Bo Clingman, PhD, Science Division, Mt. Hood Community College, 26000 S.E. Stark Street, Gresham, or phone 667-7181.

CPR workshop

A CPR (Cardio-Pulmonary Resuscitation) class is scheduled on campus May 1 and 3 from 7 to 10:30 p.m. Anyone interested in learning these basic life support techniques should contact Community Services, 656-2631, ext. 232, for reservations. The cost is \$3 per person; \$1 with a Gold Card.

Trivia bowl

In order to give students a preview of the Trivia Bowl games that will begin in May, student government is sponsor-

ing a Trivia Exhibition Game in the Fireside Lounge May 3. According to Dale Beatty, organizer of the event, trivia bowl is similar to the College Bowl games held earlier this year only trivia bowl covers a wider range of subjects such as movies, movie stars, television, and famous people along with some aca-

Trivia bowl competition is open to all students. There must be four students to each team and registration will close May 10.

Trivia bowl games will be held in CC 117 from 2 p.m. to 4 p.m. May 15, 16, and 17.

Speakers wanted

Students wishing to speak at this year's graduation ceremony must turn their applications in to the student activities office by May 5, according to Debbie Baker, student activities counselor.

One or two graduating sophomores will be chosen to speak at commencement exercises that will be held June 9.

For more information contact Baker at ext. 340.

Absentee votes

For those people who will be unable to attend the May 24 primary election in person, absentee ballots were made available beginning April 24.

Absentee ballots were available 90 days prior to the primary election, only state law requires the elections office to hold them until 30 days prior to the election.

When submitting for an absentee ballot, the applicant must send in his written legal name to the elections office in Oregon

City along with a statement listing causes or reasons why the individual cannot attend the polling personally.

In cases where one or more individuals in a family are unable to attend the polling date, each individual is required to submit his own written legal name along with one statement regarding causes or reasons for their absence.

Tucker speaks

Dr. Sylvia Tucker, Oregon State University (OSU) Dean of school of education, will give a presentation May 4 at the College.

Tucker will speak on "Using the Whole Brain, Exploring Learning Styles" at 11 a.m. and be available from 1 to 2 p.m. for an informal lunch discussion related to her presentation or other topics one wishes to explore concerning non-traditional career education goals.

Tucker will give a \$150 honorarium, for her presentation, to a woman with a non-traditional career education goal in the form of financial aid. Women interested in this aid are asked to attend this luncheon session.

There are significant amounts of money available at OSU for students interested in vocational education. Emphasis is given to those pursuing non-traditional goals. Tucker would like to talk to students concerning this aid.

Sam Love

Alternative answers concerning America's economic, ecologic and energy situation will be discussed by Sam Love, environ-

mental activist, Tuesday, May 2.

Love will give a slide presentation entitled "Visions of Tomorrow" which will focus on the 30's and 40's concepts of science in the 70's.

Presently, America has not lived up to its future expectations expected by the people 30 and 40 years ago. Love believes that unless alternative action is administered, America will suffer from the future consequences of their own present actions.

Love served as one of the national coordinators of EarthDay and co-founded the lobbying group Environmental Action.

Prior to the lecture, Love will participate in discussions throughout the campus covering such topics as earth politics, energy, environment and designing of the future.

Tickets are \$1 for College student and \$2 for the general public. The presentation and lecture will be held in the Community Center Mall.

Outdoor camp

For those who wish to become better acquainted with outdoor camping activity, two College science instructors will be teaching a camping seminar as well as directing an actual excursion into the wilderness.

Margaret Arighi, College chemistry instructor and Virginia Weber, College biology instructor, "both ardent outdoors people", will be instructing the seminar.

The course will cover basic areas of camping for people who have little knowledge of the subject, Weber said.

The students, after attending the seminar, will have the chance to exhibit their abilities in a two day, one night venture

in the Columbia Gorge, Weber said. "They will be required to bring their own and equipment. If they have necessary equipment, the school will furnish whatever equipment they have available," she said.

Areas of responsibility, planning and planning for outdoor activities will be prepared during classtime. "Each person should have a chance at doing a little of everything," Weber said.

The class will be conducted Thursday, May 11 from 7 to 10 p.m. in the College's Community Center, room 117. The cost is \$1. More information may be obtained by contacting 656-2631, ext. 232.

Book review

Bestseller reviews will feature the book, "Sleep Positions: Night Language of the Body" by Samuel Dunkell, M.D., on 7 p.m. in the Community Center, room 117.

Jane Rickenbaugh, College dance instructor, will review the book during this Community Services workshop. Admission is \$1. Register by calling 656-1631, ext. 232.

Calculator course

Math 199, a six-week mathematics course involving pocket calculators began April 24 and is still open for registration.

The course is designed for anyone who wishes to further their mathematics abilities with the electronic calculator.

The instructor is Harry Platt, and the course will be held Mondays, Wednesdays, Fridays from 2 to 3 p.m. in McLoughlin, room 217.
