he second experience was Lewis and Clark, the wend of Oct. 20 and 21. Impeting in the same agories, he broke finals in alinterpretation.

Woods described his first whing experiences as "very ghtening, but ultimately warding."

At the 28th invitaional tourment, last weekend, at the wersity of Oregon, Woods nanced to the semi-finals in

id interpretation. Apminately 25 schools attenid and the CCC team placed and in it's division.

the that speech is imporfor any one who plans a feet that involves dealing people," Woods said. In

#### Good times

Sieve Cooper will be willed in this week's Coffee have Friday, in the Fireside more.

when one calls Cooper a statile performer" they're will kidding. Cooper plays and harmonica, banjo, jew's piano, and kazoo. His station is described as cool lime" music. He has an automotion songs interlaced imaginagable finger style sumentals. Cooper says the spose of his music is "that toole have a good time," and his music title.

Cooper is presently getting by for a tour of England in country. He will be there for weeks.

wing a good time seems to what Cooper is all about.

illustrating his personal improvement, involving confidence, and relating to people, Woods described the example of a humorous after-dinner speech he did for a service staff banquet, which was held at the College recently.

"I spoke in front of 150 people," he said. "As a result of my experience in competition, I was relaxed, and not nervous in the least."

A tele-communications major, Woods has hopes of a transfer to Lewis and Clark next year. Active in theatre and drama in the past, he has served four years in the Air Force, as a radio broadcaster in Italy and Iceland.

The College speech team, which is made up of eight members, plans competitions

for all year. Next week they will travel to Pacific University in Forest Grove.

Frank Harlow, speech coach, is still recruiting members. Anyone interested should contact him

## Science fair to promote career interest

The College science department will present a Focus on Science week Nov. 27 through Dec. 1.

Dec. 1.

"We hope to make students aware of the science classes available. Since our building is situated in the far corner of the school, most students don't know we exist," said Ginny Weber, Life Science Department chairperson.

The Focus on Science week

The Focus on Science week will coincide with the visit of Dr. Julie Lutz. Lutz is currently associate professor of astronomy, director of the Planetarium and assistant dean of science at Washington State University. Lutz will give a lecture in astronomy titled, "Wonders of the Milky Way," Nov. 30 at 7:30 p.m. in Randall Hall room 101.

Margi Arighi, Physical Science Department chairperson, will perform a chemistry magic show Nov. 29, at 11:30 a.m. and 12:30 p.m. in the CC Mall. Arighi will create several chemical reactions and explain why they occur.

Shirley Cressler, biology instructor, will present an exhibit where students will compete against rats in a maze. Students participating will be blindfolded, then try to work their way through a maze by using their fingers compared to the rat running through the maze. The rat race will be held Nov. 27 from 11 a.m. to 1 p.m. in the CC Mall.

A solar eclipse lecture and slide presentation will be given by Mike Aronson, physics instructor. The exhibit will give students more information on Aronson's solar eclipse observation class. This class will view an upcoming solar eclipse in Eastern Oregon during the winter term. The lecture will be Dec. 1, from 11:30 a.m. to noon in the Fireside Lounge.

Other presentations include Monitor Your Heart, Nov. 27 at noon in the CC Mall; Sugar-Optical Activity, Nov. 27 through Dec. 1 at 12 in the library; High Oregon Desert lecture and slide presentation from 11:30 a.m. to 12:30 p.m. in the Fireside Lounge; and Sky Watch Nov. 28, 8 p.m. to 9 p.m. in McLoughlin. Lutz will give counseling for

Lutz will give counseling for students interested in science as a career Dec 1, from 11:30 to 12:30 in CC-117. She will also participate in a discussion following the Brown Bag lecture and slide presentation Nov. 30 from 12:30 to 1 p.m.in CC-117

CC-117.

"We really want to show the students that we do a lot of interesting things in the science department," Weber said.
