Netmen off quick in Ocala

Dave Buckley's men's tennis team kept pace with the leaders during Tuesday's opening round of competition at the national junior college championships in Ocala, Fla., totaling five points.

The first two rounds of singles play were completed Tuesday with two more rounds of singles set for today as well as the first doubles competition. A key to the Cougars success is the fact that the team is in much better condition this year.

"It's helped a lot in their recovery," Buckley said. "It's making a big difference. Steve (Gorman) played two really hard sets and was still in pretty

good shape afterward."

Clackamas captured four of its six opening round matches and added a bye to figure all of its scoring.

Buckley's top singles player, Leo Young won a convincing opening round decision over Peter Clas 6-0, 6-2 before being eliminated in the second round by the eighth seed, Guillero Alveras 6-7, 1-6. Buckley attributes the 80 degree temperatures as a factor.

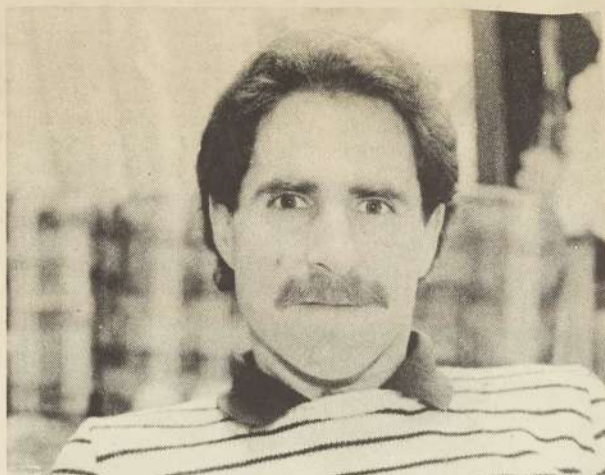

"Leo died in the second set. He had the guy in the first set. When a set goes like that it's kind of tough in the second," the coach said.

Still riding on a bad

wheel, Oregon City native Tom Herkamp came from behind at third singles to topple Mark Elbl 6-7, 6-2, 6-3. Number four singles man, Mark Stevenson dropped Dave Pickert 6-3, 6-2 and Curt Clements picked up the other first round win by stopping John Allen 6-4, 6-0.

John Gorman at second singles and Bill Clayton at six were both eliminated in the opening round. In the first doubles action which begins today Buckley's top duo of Young and Gorman drew the sixth seed, a team from McLennon, Tx.

Buckley likes his squads chances of staying among the

top ten teams during the second day of competition.

"To stay in the top ten

we'll need to score about four or five more points. My goal is to score around twelve."
