

Cougars issued losses in recent matches

By Rodney Fobert
Of The Print

Although not yet showing a team victory, the Clackamas men's tennis team has shown some strong individual performances among team members. Coach Kathie Woods said, "We've all had wins, just not at the same time." Woods also rated their competition as "a little tougher than I thought they would be," explaining that the schedule has pitted the Cougars against mainly four-year college competition.

On Friday, April 26, in a match against Evergreen State College, the Cougars were defeated 3-6. Gaining wins for the Cougars during the encounter were Matt Smith, Tim Marshall and the doubles team of Mike Miller and Mike Booth.

Smith, playing the number-four spot, took his opponent in two sets with scores of 6-3 7-5. Marshall also won in two sets, at the number-six position, with scores of 7-6 7-5. The Cougar's second doubles team of Miller and Booth

chalked up their victory with set scores of 6-3 6-3.

Playing at the number-five positions for the Cougars, Steve Lewis was narrowly defeated by his Evergreen opponent in two sets by scores of 6-7 4-6.

On Monday, April 29, the Cougars met with the team from Blue Mountain Community College where they suffered a loss of 8-1. Coach Woods, however, pointed out that the match was much closer than the score might indicate, as the Cougar team members were narrowly beaten in many of the individual matches.

At the number-three position, Mike Booth was the only Cougar team member to post a victory in the match against Blue Mountain. Booth beat his opponent narrowly in the first set with a 7-5 score, then aced the second set 6-0.

At the number-two position, Cougar Mike Miller put up a good fight against his opponent, yet was narrowly edged out 6-7 4-6. Matt Smith also

made his Blue Mountain opponent sweat at the number-four position, yet was defeated 3-6 6-7. Number six man, Tim Marshall, took his match to three sets before being defeated by his opponent with scores of 4-6 6-4 2-6.

For upcoming meets, the Cougars travel to Linfield on Wednesday, host Western Oregon State College on Thursday then travel to Green River College on Friday. Coach Woods pointed out that

Green River is ranked as the toughest team in the Northwest Athletic Association of Community Colleges. Woods added, "All this competition is good for us. It will help us to improve."

Kiser signs new cager recruit

By Julie Miller
Of The Print

Recruiting for any college-level athletic program is a full-time job that doesn't always pay great dividends, but for the men's basketball coach Royce Kiser, next fall is already looking good. That due mainly to the commitment that 6-foot-2-inch transfer student Mark Steger has made to Clackamas for the 1985-86 season.

Steger graduated from Jesuit High School in 1984 and

started his college career at Warner Pacific, but he said the college was just too small

and that there wasn't much of a social life there for him. He then talked to Kiser and the rest is history. Steger transferred to Clackamas at the start of spring term and has already signed up to play with the Cougar team next year.

Kiser, pleased with his new transfer, said, "Mark's an outstanding player. He has

good speed, he's a good jumper and he is an excellent shooter. We think he is one of our top recruits of the year."

Kiser also mentioned that Steger is an outstanding student, which he considers to be of primary importance.

As for his hopes and aspirations for the next basketball season, Steger said he is looking forward to making the playoffs and winning the conference, as well as helping the team overall.

TAGGING THE RUNNER, Cougar catcher Kevin Baker defends the plate against the sliding baserunner in a game against Portland State University at Civic Stadium. The watchful

eye of the homeplate umpire, however, saw that the tag had come too late and the runner was called safe.
