Frothingham vs. Dumolt

## 1987-88 ASG Presidential Candidates

### Neale Frothingham

by Marie Stopplemoor  
Feature Editor

Associated student government is headed for election time again. The polls are open April 23 and 24 to CCC students.

Neale Frothingham, one of two candidates running for the office of president, explains why he decided to run.

"I'm concerned that student government has lost touch with what the needs of the students are and what the students really want," Frothingham said. "People in student government complain about student apathy a lot. The way to take care of that is to produce services and handle issues that the students think is important."

Frothingham, involved in stu-

dent government since 9th grade, stated "I have the past experience of working in similar types of organizations. I think the big thing I can bring to student government is a lot of times I hear student government say, 'We want to do this, now how do we do that?' I already know how to do it."

"It seems to me that someone needs to start asking some tough questions."

### Dana Dumolt

Dana Dumolt, ASG senator, has declared his candidacy for the position of ASG President for the 1987-88 school term.

What made Dumolt decide to run?

"The advisors asked me about it. I wasn't really aware of it (the opening), but about two months ago, Debbie Baker approached me about it and I thought it was worth a try. The main reason I joined (ASG) was I wanted to see what I could do about helping the college and the students, and I'm still looking forward to seeing how I can help."

"I'm sure I'll be able to handle the position with the ex-

perience I have," Dumolt stated. Dumolt's experience includes two years as youth chairman for The Grange (an agricultural organization) and one term as a senator at Clackamas.

What is the role of ASG president, according to Dumolt?

"Basically, the president is the connection between the students and the Board of Presidents. It's connection that informs the Board how students feel about issues and what they would like changed."

Dumolt has several goals for his presidency. The first is "to promote unity in the students because right now I see a lot of people in their own groups, such as athletics, theatrics, and what not, and I'd like to see them intermingling and support each other (and the school)."

Another issue Dumolt would act on is dances. "Dances are not

popular here," Dumolt claims, "they are down to nil (attendance) and I'd like to come up with a way of promoting them and making them more attractive so students will want to come to the dances."

The big issue this year is financial aid and Dumolt's opinion is "I support keeping the financial aid, right now we are running petitions and letters to the government but basically what they are working on is federal level (lobbying) and right now I think that's a little too high for us. The state level is more our area, it is more accessible to us."

On the issue of counselor competency, brought up by candidate

"The idea is to weigh one side from the other and come up with an agreeable compromise."

Neale Frothingham, Dumolt stated that in his personal experience with the counselors "They seemed very competent in what they were doing. A couple of people have said that they (counselors) are biased towards certain groups of students. One toward athletics and such like that."

Dumolt says that characteristics that make him right for the job are, "I'm easy to get along with. The only thing I see wrong with our ASG now is working together; they're too separated in the officer level, there's too much disagreement. The idea is to weigh one side from the other and come up with an agreeable compromise."

About his campaign, Dumolt explained "Well I'm basically running with Becky Hostetler. She is the only vice president candidate we have right now and we're working as a team to get us elected."

Federal Depository Library Program

The party begins.

*I can drive when I drink.*  
2 drinks later.

*I can drive when I drink.*  
After 4 drinks.

*I can drive when I drink.*  
After 5 drinks.

*I can drive when I drink.*  
7 drinks in all.

*I can drive when I drink.*

The more you drink, the more coordination you lose. That's a fact, plain and simple.

It's also a fact that 12 ounces of beer, 5 ounces of wine and 1 1/4 ounces of spirits all have the same alcohol content. And consumed in excess, all can affect you. Still, people drink too much and then go out and expect to handle a car.

When you drink too much, you can't handle a car. You can't even handle a pen.
